### REPORTS OF

The Board of Selectmen

The Advisory Committee appointed by the Selectmen

Jury List

Synopsis of the Town Clerk's Record of Town Meetings

Town Clerk's Report

# OFFICERS OF THE TOWN OF HYDE PARK.

FOR THE YEAR ENDING MARCH 6, 1905.

---

## SELECTMEN AND SURVEYORS OF HIGHWAYS:

EDWIN C. JENNEY, (Chairman),      HOWARD S. THOMPSON,  
RICHARD W. WRIGHT,      WILLIAM D. PRESTON,  
                                 FRANK B. RICH.

---

## ASSESSORS:

CHARLES F. MORRISON, (Chairman),      GEORGE W. CHAPMAN,  
                                 CHARLES HALEY.

---

## TOWN CLERK:

HENRY B. TERRY,

## TOWN TREASURER:

HENRY S. BUNTON, (Resigned),

GIDEON H. HASKELL.

(Appointed by the Selectmen Treasurer pro tempore to fill vacancy).

---

## OVERSEERS OF THE POOR:

GEORGE W. CHAPMAN,	-	-	-	-	-	term expires 1907
*CHARLES LEWIS, Chairman, (deceased)	-	-	-	-	-	term expires 1906
GEORGE E. HAVEN,	-	-	-	-	-	term expires 1905

---

## BOARD OF HEALTH:

CHARLES F. STACK, (Chairman),	-	-	-	-	-	term expires 1907
WILLIAM W. SCOTT,	-	-	-	-	-	term expires 1906
JOHN A. MORGAN,	-	-	-	-	-	term expires 1905

---

## COLLECTOR OF TAXES:

RANDOLPH P. MOSELEY.

---

## SCHOOL COMMITTEE:

ELLA F. BOYD,	-	-	-	-	-	term expires 1907
SAMUEL T. ELLIOTT,	-	-	-	-	-	term expires 1907
ALVIN D. HOLMES,	-	-	-	-	-	term expires 1907
CHARLES G. CHICK,	-	-	-	-	-	term expires 1906
WILBUR H. POWERS, (Chairman),	-	-	-	-	-	term expires 1906
FRED J. HUTCHINSON,	-	-	-	-	-	term expires 1906
EDWARD S. FELLOWS,	-	-	-	-	-	term expires 1905
FRANK F. COURTNEY,	-	-	-	-	-	term expires 1905
GILBERT BALKAM,	-	-	-	-	-	term expires 1905

---

## SUPERINTENDENT OF SCHOOLS:

FRANK O. DRAPER.

---

\*Mr. Lewis died Nov. 5, 1904, and no one has been chosen in his stead.

## AUDITORS :

WILLIAM J. DOWNEY (Chairman),      FREDERICK G. KATZMANN,  
ANDREW COGAN.

## TRUSTEES OF THE PUBLIC LIBRARY :

CHARLES G. CHICK,	-	-	-	-	-	term expires 1907
G. FRED GRIDLEY,	-	-	-	-	-	term expires 1907
FREDERICK L. JOHNSON,	-	-	-	-	-	term expires 1907
CHARLES F. JENNEY,	-	-	-	-	-	term expires 1906
AMOS H. BRAINARD,	-	-	-	-	-	term expires 1906
JOHN W. GRIFFIN,	-	-	-	-	-	term expires 1906
EDWARD S. HAYWARD,	-	-	-	-	-	term expires 1905
HENRY B. MINER, (Chairman),	-	-	-	-	-	term expires 1905
JAMES R. CORTHELL,	-	-	-	-	-	term expires 1905

## CEMETERY COMMISSIONERS :

JOHN O'CONNELL,	-	-	-	-	-	term expires 1907
GEORGE E. WHITING,	-	-	-	-	-	term expires 1906
CHARLES F. JENNEY,	-	-	-	-	-	term expires 1905

## PARK COMMISSIONERS :

JOHN J. ENNEKING, (Chairman),	-	-	-	-	term expires 1907
LAWSON B. BIDWELL,	-	-	-	-	term expires 1906
FRANK B. RICH (resigned),	-	-	-	-	term expires 1905
STILLMAN E. NEWELL (chosen to fill vacancy)	-	-	-	-	term expires 1905

## \*BOARD OF SEWER COMMISSIONERS :

WILLIAM U. FAIRBAIRN,	-	-	-	-	term expires 1907
CHARLES HALEY,	-	-	-	-	term expires 1906
DAVID PERKINS, (Chairman),	-	-	-	-	term expires 1905

## CONSTABLES :

ROBERT E. GRANT,	WILLIAM W. SCOTT,
WILLIAM WRAGG,	JAMES A. CULLEN,
DANIEL O'CONNELL,	
WILLIAM K. PEABODY,	Appointed by the Selectmen
CORNELIUS A. COUGHLIN,	Appointed by the Selectmen
FRANK S. NORTON,	Appointed by the Selectmen
JASON W. BUTTERS,	Appointed by the Selectmen

## CHIEF OF POLICE.

JASON W. BUTTERS.

## FIRE DEPARTMENT :

JOHN H. WETHERBEE,	-	-	-	-	Chief Engineer
JOHN C. McDOUGALD,	}	-	-	-	Assistant Engineers
DENNIS W. MAHONEY,	{	-	-	-	

## INSPECTOR OF BUILDINGS :

RICHARD F. BOYNTON.

## FIRE WARDEN :

EDWIN J. CHANDLER.

\*This Board was abolished Dec. 28, 1904.

## SELECTMEN'S REPORT.

---

To the Citizens of Hyde Park:

Your Board of Selectmen, as required by law, submit their annual report for the fiscal year ending January 31, 1905.

### FINANCIAL CONDITION OF THE TOWN.

The funded debt of the town January 31, 1904, outside of fixed Metropolitan and Grade Crossing charges, was as follows:

Sewerage Loan .....	\$160,000.00
Public Library Building Loan .....	15,000.00
High School Building Loan .....	54,000.00
Trescott School Building Loan .....	15,000.00
High School Furniture and Furnishings Loan .....	5,000.00
<hr/>	
Total as above described .....	\$249,000.00

During the past year \$15,000 of the above amount has been paid on the maturity of fixed annual payments.

The funded debt of the town January 31, 1905 (not including Metropolitan and Grade Crossing charges) is as follows:

Sewerage Loan .....	\$151,000.00
Public Library Building Loan .....	14,000.00
High School Building Loan .....	51,000.00
Trescott School Building Loan .....	14,000.00
High School Furniture and Furnishings Loan .....	4,000.00
<hr/>	
Total debt .....	\$234,000.00

The town debt as above set forth is due and payable annually as follows:

## BONDS.

Sewerage Loan—\$5,000 annually until 1927.

Sewerage Loan—\$4,000 annually until 1913.

Public Library Building Loan—\$1,000 annually until 1918.

High School Building Loan—\$3,000 annually until 1921.

Trescott School Building Loan—\$1,000 annually until 1918.

## NOTES.

High School Building, Furniture and Furnishing Loan—  
\$1,000 annually until 1908.

## FINANCIAL CONDITION OF TOWN.

The town receives each year various amounts outside of the tax levy. In some instances these amounts have been appropriated for various municipal purposes, and in some cases used to meet legal obligations against the town without any direct action.

There are many unappropriated balances available in the treasury for appropriation, derived from various sources and your Board is causing a list thereof to be prepared, to guide our town in future appropriation meetings.

The amounts as above set forth have been received in part from the following sources: Interest on unpaid taxes, interest on bank balances, insurance money, sale of land, Commonwealth, corporation and national bank tax, other cash payments for various debts due from State, repayments from abolition of grade crossings, miscellaneous licenses, sale of merchandise, and from other sources, all of which we recommend should be considered in part from year to year, when our appropriations for annual payments on town debt and interest, or other necessary appropriations, are made.

## MUNICIPAL OBLIGATIONS.

In the consideration of our municipal obligations, and

some of the reasons for high tax rates, our citizens should consider what we pay outside of State and County taxes, and current municipal expenses. The following amounts have been paid during the past year:

Abolition of grade crossing at Readville .....	\$11,068.55
Metropolitan Park Loan .....	5,267.70
Metropolitan Sewerage System .....	13,472.36
Metropolitan Water Loan .....	3,091.24
	<hr/>
	\$32,899.85

Our citizens should also carefully consider, in comprehending all of our annual obligations and appropriations the cost, maintenance and extension of our sewer system. During the past year alone our Town Treasurer has paid out for the above work the following amounts:

Bonds due .....	\$ 9,000.00
Interest on Bonds .....	6,220.00
Metropolitan Sewerage Charges .....	13,472.36
Cost of maintenance and extension .....	9,424.88
	<hr/>
	\$38,117.24

### TOWN TREASURER.

On March 9, 1904, Henry S. Bunton, Esquire, our Town Treasurer for thirty years, sent to our Board his resignation. Gideon H. Haskell was appointed by our Board to serve as Treasurer pro tempore to fill the vacancy. Mr. Haskell entered upon the discharge of his duties as Treasurer, April 13, 1904.

We desire to place upon our town records, in our annual report, the sentiments expressed to Mr. Bunton at the time of his resignation.

"We regret exceedingly your resignation and any causes which may have prompted it at this early date. This Board and all citizens recognize your faithful and commendable service to our town

during the entire period of your official career. Our recognition as a Board is but the reflection of the universal public opinion in which you are held by our citizens."

We fully appreciate the evidence of appreciation which has been continuous and universal by our citizens, as shown by his annual election for thirty years.

### HIGHWAY DEPARTMENT.

Your Board of Selectmen, also Surveyors of Highways, unanimously appointed at the beginning of the year, Mr. Arthur T. Rogers as Superintendent of Streets. Mr. Rogers has been in charge of the Department by virtue of said appointment during the year. A detailed report of the work performed is to be found in another part of this report.

We have not been able to carry out all of the work which in our opinion was necessary, owing to a decrease in the annual appropriation, but we have tried to distribute the same equitably throughout our town.

The construction of Readville Street necessitated an expense of over \$4,000. This work was imperatively necessary, and for past years has been delayed on account of the surface drainage problem for this section.

We are pleased to report that the street with all necessary surface drains is constructed, and the future needs of many intersecting streets are fully comprehended, in relation to the needs for surface drainage.

We recommend a more liberal policy in relation to the placing of cross walks throughout our town, also the placing of corner curbings at our street intersections, thus defining our street lines.

### NEW STREETS.

The following named streets have been laid out by your Board during the year. We reported and recommended to the town their acceptance as public ways at the town meet-

ing held December 28, 1904. The town accepted our reports and appropriated the required amounts for building the same.

We have not entered upon any of the new streets for the construction thereof on account of the season of the year. The building of these new streets should be one of the first works of the Board of Selectmen for next year.

The following is a memorandum of the streets and amounts appropriated:

Damon Street, appropriation seven hundred dollars. The amount for this work was transferred from the Street Watering appropriation for the current year.

Safford Street, appropriation three hundred dollars. The amount for this work was transferred from the Street Watering appropriation for the current year.

Regent Street, appropriation twenty-seven hundred dollars. The amount for this work was transferred from current year's appropriations and balances as follows:

\$ 604.85 from Beacon Street drain balance  
 400.00 from collection of ashes and garbage appropriation  
 695.15 from incidentals appropriation  
 1,000.00 from interest appropriation

---

\$2,700.00 total.

Wachusett Street, appropriation four hundred twenty-one and 57/100 dollars. The amount for this work was appropriated from amount in treasury received as repayment from abolition of grade crossing at Readville.

Waterloo Street, appropriation four hundred dollars. The amount for this work was transferred from the current year's appropriations as follows:

\$200.00 from street watering appropriation  
 200.00 from collection of ashes and garbage appropriation

---

\$400.00 total.

## GARFIELD AVENUE DRAIN.

The town voted December 9, 1903, to appropriate the sum of twenty-three hundred dollars to construct a drain through Garfield Avenue for surface drainage from said avenue, together with that of intersecting streets. Your present Board has caused this work to be completed and the drain is meeting the requirements in all particulars.

This was a long needed piece of work and its construction has given great relief to this section. We expended two thousand and thirty-five dollars and sixty-six cents (\$2,035.66) from this appropriation. At the town meeting held December 28, 1904, upon our recommendation, one hundred and thirty-three dollars and forty-five cents ((\$133.45) was transferred to the Readville drain to meet the deficiency for that work, and at the same meeting the balance of two hundred and thirty dollars and eighty-nine cents (\$230.89) was transferred to the Highway Department.

## READVILLE STREET DRAIN.

At a town meeting held December 9, 1903, a report was made by the Selectmen recommending the laying out of a main drain for Readville Street and other streets. The town in town meeting accepted the report and authorized the construction as therein set forth. The work was entered upon by last year's Board of Selectmen, and was uncompleted at the time we assumed office. The town, upon the recommendation of last year's Board, appropriated for this work fourteen hundred and fifty (1450) dollars, the same to be taken for the highway appropriation for that year. We were unable to complete the work with the amount appropriated.

At the town meeting held December 28, 1904, we presented all the facts to the citizens and unanimously recommended that an unexpended balance from the Garfield Avenue drain, to the amount of one hundred and thirty-three

and 45/100 dollars, be transferred to meet the deficiency in carrying out this work. The recommendation of your Selectmen was approved by the town, and the amount necessary was transferred. The work has been fully completed and the drain is working satisfactorily to your Board and to our citizens. Upon the construction of this main drain, it was possible for us to construct Readville Street and to take care of the surface drainage from the same, and eventually other intersecting streets, which are referred to in another part of this report.

#### WESTMINSTER STREET DRAIN.

The problem of disposing of the surface water that collects at the intersection of Westminster Street and Hyde Park Avenue has been before your various Boards of Selectmen for many years. The conditions at this point called for some permanent construction to remedy the difficulty:

At the town meeting held December 28, 1904, we recommended that a drain and catch basins be constructed at this point to solve the difficulty. Upon our recommendation the town transferred from our Incidental appropriation for the present year an amount not exceeding five hundred dollars for this purpose.

This work should be commenced in the early spring.

#### NEPONSET AVENUE DRAIN.

For many years the owners of property in the vicinity of Neponset Avenue have entered various complaints against the turning of surface water collected from various intersecting streets upon the private land in this locality.

We carefully considered the matter and were satisfied that some action should be taken to avoid any further trouble from this question. Plans and estimates were considered, and at the town meeting held December 28, 1904, we recom-

mended an appropriation of six hundred dollars, the amount necessary to do the work.

The amount was duly appropriated from the money in the hands of the Treasurer received as a repayment on account of the abolition of the grade crossing at Readville.

This work should be commenced as soon as the condition of the weather will permit.

### LINWOOD STREET.

As set forth in the last annual report of your Board of Selectmen, Linwood Street had been accepted as a public way. Your present Board of Selectmen has caused the necessary work to be done. The town appropriated for the work on December 9, 1903, the sum of four hundred (400) dollars. The work has been properly and satisfactorily completed at an expense of one hundred and seventy-seven 45/100 dollars. The original amount of this appropriation was transferred from the highway appropriation and there remained after the completion of the work an unexpended balance. At the town meeting held December 28, 1904, upon the recommendation of our Board, the balance was transferred back to the Highway Department, amounting to two hundred and twenty-two 55/100 dollars.

### ADVISORY COMMITTEE.

Under the law many of the various Departments of the town are, in every sense of the word, separate and distinct. These Departments perform their necessary functions with independent appropriations. In order that all might be brought into closer relations for the common good of our government and to consider various municipal questions, the Board of Selectmen, following the action of last year's Board, appointed an Advisory Committee under the following vote:

That a committee of twenty-eight be appointed by this Board to act in connection with the Board of Selectmen and the Town Treasurer, together with the Chairmen of the following Boards, viz.: School Committee, Public Library Trustees, Board of Health, Overseers of the Poor, Sewer Commissioners, and the Board of Assessors, to consider the question of our municipal obligations; the administration of our various Departments; the coming year's annual appropriations; property values and assessments; also to make such report and recommendation to the Town concerning the administration of any and all Departments that the circumstances and requirements may justify.

A partial report of the Advisory Committee is to be found in another part of this report.

We believe that the appointment and work of the Advisory Committee for the two years that it has been in existence, has met with the general approval and satisfaction of our citizens.

In our opinion such a committee, under our form of government, is wise and necessary, and productive of great good to our general welfare. Under the workings of such a committee the needs and requirements of all Departments can be carefully considered and ascertained, so that when final action is taken by the town our citizens know that a body of citizens, outside of town officials, have carefully considered the various subjects, and aware that their recommendations are based upon their sound judgment and study. We recommend a similar committee in future years.

### SHADE TREES.

We have in many of our public ways a large number of shade trees. It has been many years since any particular attention has been given to the question of trimming any of these trees. In some instances they are so low that many of the traveling public have been either damaged or annoyed by the low branches. Our electric light system in some instances is rendered very inadequate owing to the large number of branches that surround or are near the lamps.

As this is a matter which calls for special work at the present time, we recommend that an appropriation be made directly for this purpose.

### COLLECTION OF ASHES AND GARBAGE.

At the last annual appropriation meeting held March 28, 1904, the town voted to instruct its Board of Health to transfer the property and equipment used in the collection of ashes and garbage to the Selectmen. An appropriation of fifty-three hundred dollars was made by the town for the use of the Selectmen for this purpose.

We have managed this duty through your Street Department, under the head of Sanitary Division, keeping the work and appropriation separate. We have interchanged services in this work with the regular Street Department, thereby making a considerable saving to the town. We recommended at the town meeting December 28, 1904, that the sum of six hundred dollars be transferred from the appropriation for this sanitary work to other municipal work, as set forth in our report on new streets.

We have made a new arrangement for the sale of garbage collected whereby the town will receive about twenty per centum more than the former price.

It was suggested to our Board that the garbage should be collected by contract. With this idea in mind we caused bids to be furnished concerning this work. Upon full consideration, we decided to continue the collection by town teams, in connection with the one contract route now controlled by Mrs. Emily R. Hukin.

In our administration of this Department we have enforced the rule that the employees were not to go through any part of a dwelling to reach the cellar. The reason for this is obvious, as it would require additional labor to execute the work and greater care would be necessary in bringing barrels and other receptacles through any living room on first floors.

In all instances, however, the employees, when the cellar was accessible, through an outside door, have removed all ashes and other waste material. As far as possible, especially throughout the centre of the town where trips are made on regular days, it is much better to have all material to be carried away placed on the outside of buildings, as is usually required where this work is done by municipal governments.

We trust that this work has been satisfactorily carried out by us.

### STREET LIGHTING.

The street lighting of the town is under a contract entered into with the Hyde Park Electric Light Company for a period of ten years from January 6, 1898.

In substance said contract provides as follows:

Originally 119 arc lamps, 2,000 c. p.

57 incandescent lamps 26 c. p., for which service the town was to pay \$8,532 per annum. Additional lamps to be provided at the rate of \$70 per year for each arc and \$16 per year for each incandescent lamp. The lamps to burn one-half hour after sunset and until 12.30 o'clock every dark night, also until one hour after moon rises, and one hour before it sets, if not dark, all to be to the approval of the Chief of Police. There is also a provision that in all or certain sections the lights may burn all night for additional compensation,—\$40 for arc, and \$8 for incandescent lamps; also for an additional part of the night,—5c. for arc and 1c. for incandescent lamp, per hour.

We now have, under and by virtue of said contract and additions thereto, the following lights distributed throughout our town, as follows:

Arc .....	140
Ordinary incandescents .....	89
All night incandescents .....	5

Outside of the contract as above we have in use thirteen all-night gas lamps for which the town pays twenty-five dollars each.

In our outlying district near the Boston line at Clarendon Hills we have a few kerosene lamps.

The town, at the meeting held December 28, 1904, authorized new lights placed in various parts of our town. A few of the new lights are in position. The remainder will be placed immediately, as we have located all of them and the company has been duly authorized to proceed with the work.

#### GLENWOOD AVENUE BRIDGE.

Attention was called in the Town Reports of 1903 and 1904 to the necessity of a crossing over the railroad tracks and river at Glenwood Station. We understand that the committee, to whom this matter was referred at a town meeting, held Dec. 9, 1903, have had several conferences with the Metropolitan Park Commission and the railroad officials, both of whom are interested in the matter, and it is expected that the committee will make a full and favorable report at the next town meeting. A crossing at this point would open up a large section of land and bring it within easy walking distance of our large industrial plants, which can now be reached only by going a long distance. We believe that the matter deserves favorable and immediate action at the hands of the town.

#### SEWER DEPARTMENT.

At the annual appropriation meeting held March 28, 1904, the town voted to authorize its Board of Selectmen to petition the General Court for necessary legislation, that the town might consider the question of abolishing the Board of Sewer Commissioners.

The Bill under the above vote was duly prepared and pre-

sented to the Legislature and the necessary legislation became a law. Acts of 1904, Chap. 339. The Act to become operative upon its acceptance by the town.

At a town meeting held December 28, 1904, the town voted to accept the provisions of the above Act and the Board of Sewer Commissioners was thereby abolished.

Your Board of Selectmen under and by virtue of said law are for all purposes the lawful successors of said Board of Sewer Commissioners.

We have appointed Mr. Clarence G. Norris Engineer for our sewer work, with the understanding that all town engineering under the control of the Selectmen is to be performed by him. His salary of fifteen hundred dollars per annum, which is to include services for all town work, is the same amount previously paid by the Sewer Department for their Engineer alone.

At a meeting held January 9, 1905, it was voted, "that all charges in relation to house connections for superintendence and inspection be abolished," it being our intention to reduce to the actual cost all future house connection, so that our citizens, in larger numbers, will avail themselves of the great benefits of our sewer system.

Our first Board of Sewer Commissioners was elected May 6, 1896. Under the original act, Chapter 287, Acts 1896, the town was authorized to borrow, for the payment of all necessary expenses and liabilities incurred, in the construction of our system, \$150,000. By the Act of 1898 the town was authorized to borrow \$100,000 additional, for the same purpose. Under the law as above set forth the town has issued bonds to the amount of one hundred and ninety thousand dollars. Your Board of Selectmen now have authority to issue additional bonds or notes of the town, under said laws, for sixty thousand dollars, together with the right to use the payments made by abutters on account of the sewer assessments, for the extension and maintenance of our system.

The original act provides in part as follows: "Section 11. The receipts from assessments, and payments made in lieu thereof under this act, shall be applied to the payment of the charges and expenses for and incident to the maintenance and operation of said system of sewerage, and for the payment of the further extension of the said system or systems, except that said town may apply any portion of such receipts to the payment of the interest upon said bonds, notes or scrip issued under authority of this act not otherwise provided for, or to the payment or redemption of said bonds, notes or scrip, as the said town shall by vote determine, and shall be used for no other purpose. If said receipts shall not be sufficient for said purposes in any year then in such case said town shall raise forthwith by taxation, in the same manner as money is raised and appropriated for other town purposes, the balance required therefor."

By the terms of the above section the town may, by vote, pay the whole, or a part, of its maturing obligations and interest on account of its sewer construction, from the receipts from sewer assessments levied on abutters.

We submit that no greater burdens should be placed upon present property holders, by taxation, than public needs and requirements justify, and submit for the consideration of the town the question of meeting the whole or a part of our annual payments on account of your sewer loan and interest, for the payments made to our town, from said assessments and betterments, thereby leaving the burden of our future sewer extensions to bond issues, which may, under the law, be extended over any part of a period of forty years. Our sewer system is as much for the future as for the present, and as much of the burdens of its construction, as circumstances will justify, should be placed in future tax levies. In this way the present tax payers will not have to be subjected to excessive tax rates, and we will thereby equitably charge our future property holders with this work, which they will

enjoy, perhaps more than we. The present policy has been to pay for the extensions to our service from receipts or cash on hand, thereby relieving unfairly, future tax payers, from payments, the benefits of which they will enjoy.

The cost of our sewer system to date, as appears from the records of the former Board of Sewer Commissioners, outside of salaries, amounts to \$304,035.01, the same being divided as follows:

Administration:

Travel .....	\$ 70.13	
Furniture and fixtures .....	525.58	
Janitor .....	470.00	
Light and heat .....	47.26	
Stationery and printing .....	1,193.65	
Commissioners .....	303.00	
Bonds .....	197.10	
Legal expenses .....	522.23	
Miscellaneous: Postage, express and telegraph .....	662.93	
Clerk .....	5,930.98	
		<hr/>
		\$9,922.86

Engineering:

## POLICE DEPARTMENT.

When the present Board of Selectmen assumed their office March, 1904, Deputy Sheriff William Wragg was serving as Chief of Police. Mr. Wragg in our last town report recommended "that some one be appointed to the office of Chief of Police who can devote his whole time to the business." Many of our citizens, notwithstanding Mr. Wragg's recommendation, desired him to continue at the head of our Police Department.

It was understood by all parties that Mr. Wragg's appointment by the Selectmen was not to be a permanent one.

Mr. Wragg's resignation to our Board was received as herein set forth.

Hyde Park, Mass., May 31, 1904.

The Honorable Board of Selectmen, Hyde Park, Mass.

Gentlemen: I hereby resign as Chief of Police of Hyde Park, to take effect upon the qualification of my successor.

Yours very respectfully,

WILLIAM WRAGG,  
Chief of Police.

We take pleasure, in this public manner, in setting forth the letter unanimously indorsed by our Board to Mr. Wragg upon his retirement.

Hyde Park, Mass., May 31, 1904.

William Wragg, Esq., Hyde Park, Mass.

Dear Sir: At a meeting of the Board held this day it was voted "that in accepting the resignation of Mr. Wragg as Chief of Police, to take effect upon the election and qualification of his successor, this Board tender to Mr. Wragg our thanks for his conscientious work in behalf of our force and our appreciation of the good work accomplished by the Department while under his supervision."

Yours very respectfully,

HARRY J. WEST,  
Secretary.

At our meeting held July 11, 1904, Jason W. Butters of Boston, by a majority vote, was elected by our Board to fill the vacancy caused by Mr. Wragg's resignation. Afterwards at the same meeting the vote was made unanimous.

Mr. Butters was a former Lieutenant in the Boston Police Department and had been stationed at the Boston Police Headquarters in Pemberton Square. He was strongly recommended to our Board by his former superior officers and by many well known people who had knowledge concerning his experience as an officer and his standing as a citizen.

We did not, at the time of Mr. Butters' appointment, have him fully qualified under the Civil Service Rules of the Commonwealth (which rules are hereinafter referred to), although said Civil Service Rules were adopted at our last annual meeting. Our action was based, as we believed, on sound judgment, and without disregarding the Civil Service Rules of the Commonwealth, and without the slightest disapproval of the Civil Service Commissioners of the Commonwealth, before whom all facts and conditions were fully presented.

On January 16, 1905, our Board, with consideration for the Civil Service Rules of the Commonwealth, caused the following letter to be sent the Civil Service Commissioners.

Hyde Park, Mass., Jan. 17, 1905.

Board of Civil Service Commissioners, State House Boston, Mass.

Dear Sir: At a meeting of our Board of Selectmen held Jan. 16, 1905, it was voted to ask your Board to give Jason W. Butters of Hyde Park, Mass., who has for more than six months been in charge of our Police Department, a non-competitive Civil Service examination for appointment under Civil Service Rules of this Commonwealth as a police officer, and to be designated by our Board to your Commission as an officer and employee in the public service of this town classified under the Civil Service Rules of this Commonwealth. Said appointee to be designated as such officer and employee as Officer-in-Charge of the Police Department and Captain of the Police Force, and within the classified Civil Service at a salary of \$1,500 per annum.

In asking for a non-competitive examination and certification as above set forth, we desire to state that said Jason W. Butters has special qualifications owing to long experience in police duties which make him an officer of exceptional ability for our Department.

Very respectfully,

HARRY J. WEST,  
Secretary.

On January 26, 1905, the following reply was received:

OFFICE OF CIVIL SERVICE COMMISSION.

Boston, Mass., Jan. 25, 1905.

To the Board of Selectmen, Hyde Park, Mass.

Dear Sirs: Your letter of the 17th instant, requesting the non-competitive examination of Jason W. Butters for appointment to the position of captain in charge of the police force of Hyde Park, was considered by the commissions at their meeting yesterday, and it was voted to grant your request.

Inasmuch as it appears from our records that Mr. Butters was twice examined for promotion in the Boston police department and passed the examination successfully, the commissioners decided that no further educational examination would be required, but that he would be subjected to a physical examination, and if he passes, will be regularly certified to you for appointment.

Very respectfully,

WARREN P. DUDLEY,  
Secretary.

Mr. Butters duly qualified under the physical part of the requirements and on January 27, 1905, the Civil Service Commissioners certified Mr. Butters to our Board for appointment at the head of our Police Department and under the Civil Service Rules of the Commonwealth. On January 28, 1905, our Board unanimously appointed Jason W. Butters as a police officer of our town and employee in charge of our Police Department and within the Classified Civil Service Rules of the Commonwealth.

Mr. Butters' close association with the police officers of Boston has been a material gain to our service and we

believe that our Police Department under his control has been wisely and efficiently administered. We are pleased to publicly present our full satisfaction in the administration of our Police Department as a whole under Mr. Butters.

### CIVIL SERVICE RULES.

At our last annual town meeting held March 7, 1904, the town voted to accept the provisions of the Revised Laws concerning the Civil Service of the Commonwealth, and limited the application thereof to our Police Department.

Under said Act each member of the force "shall continue to hold his office until his death, resignation or removal. He shall not be removed except for cause shown after a full hearing."

The Act in force at the time of our adoption thereof has been further extended by law and approved May 9, 1904. Acts 1904, Chap. 314, as follows:

Section 1. Every person holding office or employment in the public service of the Commonwealth or in any county, city or town thereof, classified under the civil service rules of the Commonwealth, shall hold such office or employment and shall not be removed therefrom, lowered in rank or compensation, or suspended, or, without his consent, transferred from such office or employment to any other except for just cause and for reasons specifically given in writing.

Sect. 2. The person sought to be removed, suspended, lowered or transferred shall be notified of the proposed action and shall be furnished with a copy of the reasons required to be given by section one, and shall, if he so requests in writing, be given a public hearing, and be allowed to answer the charges preferred against him either personally or by counsel. A copy of such reasons, notice and answer and of the order of removal, suspension or transfer shall be made a matter of public record.

### FIRE DEPARTMENT.

Your Board of Selectmen reappointed the present Engin-

eers of the Fire Department: John H. Wetherbee, John C. McDougald and Dennis W. Mahoney.

As required by law said engineers duly organized, and re-elected John H. Wetherbee as Chief Engineer. The report of the various duties performed and the administration of this Department is found in detail in another part of this report. We congratulate the town on our faithful and efficient Department.

### FIRE HYDRANT SERVICE.

The contract made with the Hyde Park Water Company October 1, 1895, for a period of ten years, expires during the coming year, and it is important that the matter should be considered at an early date as it will be necessary to submit the same to the town before the expiration of the present contract.

For the information of our citizens we herewith present an abstract of the contract for this service.

Contract with the Hyde Park Water Company was dated July 27, 1895. At the time of this contract one hundred and five hydrants were in position and seventy additional hydrants were contracted for, to be located by the Selectmen, at that time. Term to be ten years from the first day of October, A. D., 1895. All hydrants in excess of one hundred and seventy-five shall be located and maintained on service line at the rate of twenty-five dollars per annum for each hydrant. For said one hundred and seventy-five hydrants for said period, the town is to pay fifty-five hundred dollars per annum, payment to be made annually.

The additions made since the contract are as follows:

Three additions January 14, 1896.

Two additions October 20, 1897.

One addition March 21, 1899.

One addition June 30, 1899.

One addition Sept. 12, 1902.

There is one additional hydrant authorized December 28, 1904, which has not yet been placed on account of the season of the year.

### BLUE HILL STREET RAILWAY.

The Directors of the Blue Hill Street Railway Company petitioned our Board, early in the present year, for a location of its tracks beyond their present location on Milton Street at Metropolitan Park land, and to cross said Milton Street for the purpose of connecting with its location in the town of Milton.

This petition involved, as far as our Board was concerned, the right to cross Milton Street, thereby connecting the location of this company from Readville to the Blue Hills. The Railroad Commissioners have certified to our location as required by law.

We are assured that the Company will have this new line in operation this coming year.

### JURY LIST.

As required by law the Board of Selectmen present to the citizens its selection of jurors for submission to the next annual appropriation meeting. The list is to be found in another part of this report.

### INSPECTOR OF BUILDINGS.

Your Board reappointed Richard F. Boynton as Inspector of Buildings for the year ending May 1, 1905, at the salary of \$200 per annum. We refer our citizens to his report for further information concerning this Department.

### ASSESSORS' PLANS.

Several years ago the town voted a small sum of money to be used in making a beginning for Assessors' plans so

that property areas might be accurately set forth and known. Our Assessors were then, and we understand are now, convinced that this is an important and necessary work. We contemplate, and have arranged with the Engineer of the Board of Selectmen, to make a substantial beginning on this work. We feel that as this work develops greater accuracy will result and areas and lines will be easily ascertained and determined. The carrying out of this work will be of great assistance to our Assessors, and the work has already been commended.

#### PERMANENT CLERK FOR SELECTMEN.

The question of a permanent clerk for the Board of Selectmen has long been considered. We are of the opinion at the present time, that in consideration of the various duties performed by the Selectmen in relation to municipal work, including Sewer Department, collection of ashes and garbage and various other duties to be performed and the necessary records to be kept, that one clerk should be employed, who will devote his entire time to the town. If this recommendation is carried out, the Selectmen's office will always be open during the day for the transaction of municipal business.

We have started, by our clerk, Mr. Harry J. West, a detailed system of reports in relation to the cost of the various municipal works, that we may know with as much accuracy and dispatch as possible the cost of any particular piece of work.

#### ACTIONS AT LAW.

Peter Rogers v. Hyde Park, suit for personal injuries in which damages for \$4,000 were claimed, more fully described in preceding town reports, was reached for trial October 13, 1904. Efforts had been made at different times to adjust this case without trial, but the difference between the parties was so great that they were unable to come together, until dur-

ing the trial, when the case was settled, and pursuant to agreement, a verdict was directed for the town, upon the town agreeing to pay the plaintiff \$400.

Catherine E. Stanford v. Hyde Park, action for personal injuries caused by a defect in the highway on River Street, more fully described in previous annual reports, was argued on briefs in the Supreme Judicial Court, in January, 1904, and a decision by that Court sustaining the verdict of \$1,250 received by the plaintiff in the Superior Court, was handed down February 29th of the same year. Judgment has been paid by the town.

The cases of Mary D. Hammond v. Hyde Park, and J. Forest Hammond v. Hyde Park, two actions by minors, each claiming damages in the sum of \$10,000, as more fully described in preceding town reports, grew out of the action of the School Committee at the time of the small-pox epidemic in 1901-2, have been twice tried together before a jury, and are assigned by the Court as the first cases for trial at the present January sitting, and probably will have been tried when this report goes to press.

Joseph J. Dunn v. Hyde Park, suit for personal injuries caused by an alleged defect in the highway, more fully described in previous annual reports, was dismissed in December, 1904. A motion by the plaintiff for the restoration of the case is pending, and will be opposed by counsel for the town.

The petition for the abolition of the grade crossings at Fairmount Avenue and Bridge Street is still pending. The hearings were closed early in the fall and the matter taken under advisement by the Commissioners. Before any decision on their part had been made, the Chairman of the Commissioners, Henry P. Moulton, Esq., died suddenly, and since that time one of his associates, John J. Flaherty, Esq., has been seriously ill and is now absent from the Commonwealth. The death of Mr. Moulton will necessitate the

appointment of an additional commissioner and further hearings, but these cannot be held until Mr. Flaherty's return.

The action brought by William L. Holmes against the Board of Health to recover damages caused by alleged wrongful removal from the building where he was staying, under claim that he had small-pox, is still pending. For further particulars as to this action, reference is made to the last report.

The case of George A. Tillson against the town for injury claimed to have been received by reason of an alleged defect in Hyde Park Avenue near Kennedy's Block is still pending.

The suit of Andrew Roman for alleged defect in Metropolitan Avenue was disposed of without trial and without expense to the town.

In the last report reference was made to an action brought by Ethel A. L. Smith, a minor, claiming damages for alleged wrongful exclusion from school during the existence of small-pox in the town. This action has not been tried, and may await the final decision of the case of Mary D. Hammond and others against the town, which are somewhat of the same character.

The last report gave a full statement of the endeavors of the last Board of Selectmen to secure a compliance by the Old Colony Street Railway Company with the terms of the original street railway location, granted in 1893 to the Norfolk Suburban Street Railway Company, as to reconstruction, paving, and repairs. The Old Colony Street Railway Company claimed that it was relieved from these obligations by a statute passed in 1898 and that the Board of Selectmen of 1893 had no right to put such requirements in the original location, and that the same were of no binding effect. A petition has been filed in the Supreme Judicial Court to test the validity of the orders of the Board, and of the original location, relative to these matters. After hearing before a single justice the case was reserved for the full bench of

the Supreme Judicial Court, and the matter has been argued before that court, but no decision has yet been rendered.

Under the provisions of Chapter 456 of the Acts of 1900, the County Commissioners were directed to build a new bridge over the Weymouth Fore River between Quincy Point and North Weymouth, at an expense not exceeding \$100,000. Upon the completion of said bridge and the ascertainment of its cost and expense, the Commissioners were directed to file a report in the office of the Clerk of Courts for Norfolk County, and the Superior Court was directed to appoint three Commissioners to assess the expense of the bridge upon the County of Norfolk, and upon such cities, towns, and quasi-public corporations as the Commissioners should award and determine to be specially benefited by the bridge in such amounts as they shall award and determine to be fairly proportionate to the special benefits conferred by said bridge upon said county and the cities and town and corporations assessed. The court appointed a commission consisting of Henry P. Moulton, Esq., John J. Flaherty, Esq., and Ernest H. Vaughan, Esq., and notice was served upon the town of Hyde Park that it was one of the towns upon whom the expense of construction of said bridge might be apportioned. Extended hearings were held before this commission commencing on the 26th day of April, 1904, and closing on the 11th day of July of the same year. This commission had not filed its report at the time of Mr. Moulton's death and further hearings and the report of the commission have been delayed by the same reasons that have caused the delay in the final decision as to the matter of abolition of grade crossings at Fairmount Avenue and Bridge Street. We confidently expect that no part of the expense of this bridge will be charged upon this town.

Under the laws in force as to apportionment of expense of care, maintenance, and operation of Metropolitan Park Reservations and Boulevards, a commission is appointed in

every fifth year to determine the proportion in which each of the cities and towns within the Metropolitan Park District shall pay into the treasury of the Commonwealth for said purposes for the ensuing five years. A new apportionment is to be made this year, and a petition has been filed in the Supreme Judicial Court for Suffolk County for the appointment of a commission, and service has been made on the town. The order of notice thereon is returnable on the 21st day of February, 1905. Under this petition a Commission will be appointed and hearings held at an early date.

Chapter 491 of the Statute of 1901 required the Metropolitan Park Commissioners to build a drawbridge and approaches across the Mystic River between the cities of Somerville and Medford, at a cost not exceeding \$200,000, to be paid in part by such cities and towns in the County of Middlesex as shall be found to be specially benefited by the use of said bridge for highway purposes, and in part by the Metropolitan Park District to such extent as said District shall be found to be benefited by the use of the bridge for park purposes, and in the proportion to be determined by a special commission. The Metropolitan Park Commission has filed a petition for the appointment of Commissioners to determine in proportion to such benefits the part of the cost of said bridge and approaches to be paid by each of said cities and towns in Middlesex County and by said Parks District. An order of notice upon this petition has been served upon the town returnable on the same date, as the petition last referred to, and the course of proceedings thereon will be substantially the same as under the last petition.

EDWIN C. JENNEY,  
RICHARD W. WRIGHT,  
HOWARD S. THOMPSON,

## Report of the Advisory Committee Appointed by the Selectmen.

---

To the Citizens of Hyde Park:—

At a meeting of the Board of Selectmen, held the twenty-fifth day of November, 1904, it was voted to follow the custom inaugurated by the preceding Board and appoint an Advisory Committee, with duties and powers similar to those conferred upon its predecessor.

The membership as appointed consisted of the five members of the Board of Selectmen, the Town Treasurer, the chairmen of the following boards, viz: School Committee, Public Library Trustees, Board of Health, Overseers of the Poor, Sewer Commissioners, Board of Assessors, and twenty-eight citizens representing the various sections of the town.

The work of the Advisory Committee of the preceding year had met with such universal commendation and its recommendations had been so emphatically endorsed by the citizens at the appropriation meeting, that the present Board of Selectmen recognized the importance of similar action this year.

The full committee as appointed consisted of the following gentlemen:—

Edwin C. Jenney,  
W. D. Preston,  
Frank B. Rich,  
H. S. Thompson,  
Richard W. Wright,  
G. H. Haskell,

W. H. Powers,  
H. B. Miner,  
C. F. Stack,  
Geo. E. Haven,  
David Perkins,  
C. F. Morrison,

David W. Murray,  
 Charles Haley,  
 P. J. Fitzgerald,  
 E. L. Barrett,  
 J. G. McCarter,  
 E. E. E. Bartlett,  
 Alfred Foster,  
 H. M. Hamblin,  
 George Peabody,  
 W. C. Deagle,  
 F. N. Tirrell,  
 Chas. E. Palmer,  
 J. S. Coveney,  
 W. E. Norwood,

A. L. Lovejoy,  
 Geo. H. Rausch,  
 Jos. K. Knight,  
 S. E. Newell,  
 John Johnston,  
 George Miles,  
 Albert Davenport,  
 S. T. Elliott,  
 Calvin H. Lee,  
 H. S. Bunton,  
 E. S. Hathaway,  
 L. P. Howard,  
 F. W. Darling,  
 George Jeffers.

At the first meeting of this Committee, held on the evening of November 30th, organization was effected by the election of Francis W. Darling, Chairman, and William E. Norwood, Clerk. At this meeting four of the appointees signified their inability to serve, viz., E. L. Barrett, William C. Deagle, F. N. Tirrell and E. S. Hathaway. The Board of Selectmen filled the vacancies thus caused by the appointment of James A. Tilden, John H. Monahan, J. E. Farrell and J. F. Pring.

This Committee, after careful consideration of the appropriations necessary for the various town boards for the current municipal year, beg leave to make, in part, the following report. The work of the Advisory Committee will be continued along other lines, but we have felt that, so far as the appropriations were concerned, our recommendations should appear in the Town Report, about to be issued, in order that citizens may have ample opportunity to consider them before the appropriation meeting.

In the matter of the town's requirements for debt and interest, the amount needed, \$24,400.00, is approved.

The amount required for salaries, \$5,460.00, is approved. This is \$300.00 less than was appropriated last year on account of the abolition of the Board of Sewer Commissioners.

We recommend the appropriation of the usual amount, \$200.00, for the Grand Army Post.

We recommend the appropriation of \$1,000.00, voted at the last town meeting, December 28, 1904, for the School Committee, to be paid from the tax levy of 1905.

We recommend, as did the Advisory Committee of last year, that no money be appropriated for the observance of Independence Day.

A petition from certain citizens has been received, through the Board of Selectmen, asking our approval of the appropriation of \$400.00 for band concerts during the summer. While this committee does not disapprove the object of this petition, it feels that the town should not be asked to pay the entire expense of an institution which is naturally remunerative to a few citizens. We believe it is the custom in some towns to raise by subscription the larger part of what is necessary and for the town to appropriate the balance. Such a proposition might have met with the approval of our committee but we did not feel that we could approve the appropriation of so large an amount for the enjoyment of a limited number of our townspeople and the lucrative benefit of a very few citizens. Action upon the petition as it appears therefore was indefinitely postponed by the committee.

We recommend that the Board of Assessors shall tax all land on which are bill boards, as improved land.

We recommend the appropriation of \$300.00 for the trimming and removal of trees, to be expended by the Tree Warden, under the direction of the Board of Selectmen. This action is recommended in response to the request of Tree Wardens and of many citizens.

We come now to the consideration of the requirements of the several boards of the town government. First, we take up the requirements of the Board of Selectmen.

The amounts voted last year were:

Highways .....	\$22,000.00	
Incidentals .....	10,000.00	
Police .....	11,201.00	
Fire Department .....	11,700.00	
Street Lighting .....	10,850.00	
Street Watering .....	4,500.00	
Removing Garbage and Ashes .....	5,300.00	
		<hr/> \$75,551.00

We recommend the appropriation of the following amounts for these purposes for the present year:

Highways .....	\$25,000.00	
Incidentals .....	10,000.00	
Police .....	13,836.00	
Fire Department .....	12,400.00	
Street Lighting .....	11,350.00	
Street Watering .....	4,500.00	
Garbage and Ashes .....	5,000.00	
		<hr/> \$82,086.00

We further recommend that the amounts received for excise and franchise taxes and betterments be appropriated to use on the highways, as last year.

We investigated carefully the conclusion reached by our sub-committee on Police that a town ambulance had become practically a necessity, and we are of the opinion that the Board of Selectmen should be instructed to procure a combination ambulance and patrol wagon. At our request an article will be inserted in the town warrant covering this suggestion.

The Board requiring the next largest appropriation is the School Committee. For this department we recommend the appropriation of \$54,700.00, being \$2,500.00 more than last year, occasioned by requirements for extra teachers. Last year you devoted the sum received from fines collected from defendants in criminal cases to the School Committee, for plumbing at the Greenwood School. This year you have al-

ready appropriated about one-half the sum anticipated for repairs and changes at the Police Station.

For the Board of Health we recommend the appropriation of \$1,400.00, the same as last year.

For the Overseers of the Poor we recommend the appropriation of \$7,500.00, being \$700.00 less than last year.

For the Public Library we recommend the appropriation of \$4,000.00, being \$200.00 more than last year.

A comparative statement of the amounts appropriated in 1903 and 1904 and those advised by us for the current year, is as follows:

	1903.	1904.	1905.
Selectmen .....	\$86,300.00	\$75,551.00	\$82,086.00
Schools .....	55,600.00	52,200.00	54,700.00
Poor .....	10,000.00	8,200.00	7,500.00
Health .....	6,800.00	1,400.00	1,400.00
Library .....	4,000.00	3,800.00	4,000.00
Bonds, Notes and Interest .....	25,000.00	25,000.00	24,400.00
Salaries .....	5,685.00	5,760.00	5,460.00
Grand Army .....	200.00	200.00	200.00
Fourth of July .....	350.00	..	..
Voted in previous years to pay			
from next tax levy .....	6,900.00	..	1,000.00
Police Signal System .....	3,750.00	..	..
Steam Roller .....	2,650.00	..	..
Trees .....	..	..	300.00
	<hr/>	<hr/>	<hr/>
	\$207,235.00	\$172,111.00	\$181,046.00

The information obtained by us as to the probable amounts of the State and County taxes this year would seem to indicate a phenomenal increase over last year. We have no means of obtaining exact information but such as we have points to an increase of perhaps \$8,000.00 over 1904. Of itself, this would cause an increase in the tax rate of about fifty or sixty cents. The increase over last year in our recommended appropriation would amount to about \$9,000.00.

In offset of this, the increased valuation is expected to be somewhat less than normal. As to the Metropolitan charges for sewer, parks, water and grade crossings, we have been unable to acquire any exact information but we anticipate they may not, in the aggregate, vary much from last year, the amount for these purposes then being \$32,899.85.

In closing we are pleased to state that all boards of the town government have co-operated with us in our labors and have approved of our findings. Every recommendation herein made has been adopted unanimously by this committee.

For the Citizens' Advisory Committee,

FRANCIS W. DARLING, Chairman.  
WILLIAM E. NORWOOD, Clerk.

## JURY LIST

---

*As prepared by Selectmen as required by law, same to be submitted to the town for approval at the next annual appropriation meeting.*

## Synopsis of the Town Clerk's Record of Town Meetings.

---

The following statement shows in a condensed form the action of the town on various articles which have been before it for consideration the past year.

March 7, 1904. The annual meeting for choice of town officers was held in Waverly Hall.

Art. 1. To choose a moderator to preside at said meeting.  
Edward S. Fellows was chosen by ballot.

Art. 2. To see if the town will vote to accept the provisions of Section thirty-seven (37) of Chapter nineteen (19) of the Revised Laws.

Voted to accept the provisions of said section and to limit the application thereof to the "police force."

Art. 3. To choose all necessary town officers for the year or term ensuing.

To vote upon the following question:—"Shall licenses be granted for the sale of intoxicating liquors in this town?"  
The vote on this question to be by ballot, "Yes" or "No," in answer to said question.

The number of votes received for each person voted for at this election was as follows:

For Selectmen and Surveyors of Highways:

George C. Bagley .....	83
William C. Deagle .....	84
Charles Friede .....	90
John J. Gallagher .....	203

Mark Googins .....	106
James D. Grant .....	620
*Edwin C. Jenney .....	866
John Johnston .....	691
David W. Murray .....	675
Charles E. Palmer .....	633
*William D. Preston .....	790
James F. Pring .....	441
*Frank B. Rich .....	744
*Howard S. Thompson .....	861
*Richard W. Wright .....	1,029
For Town Clerk:	
*Henry B. Terry .....	1,567
For Town Treasurer:	
*Henry S. Bunton .....	1,523
For Collector of Taxes:	
*Randolph P. Moseley .....	1,595
For Overseer of the Poor, 3 Years:	
*George W. Chapman .....	1,349
For Board of Health, 3 Years:	
Benjamin G. Bates .....	762
*Charles F. Stack .....	983
For Board of Health, 1 Year (Unexpired Term):	
*John A. Morgan .....	1,195
For Assessors:	
*George W. Chapman .....	950
Thomas E. Faunce .....	730
Frank Greenwood .....	622
*Charles Haley .....	799
Edward S. Harris .....	491
*Charles F. Morrison .....	811
Charles E. Yeaton .....	291
For Auditors:	
*Andrew Cogan .....	703
Mark E. Cohen .....	350
*William J. Downey .....	1,112
John I. Gidney .....	272

*Frederick G. Katzmann .....	I,068
James Nugent .....	169
William C. F. Rudolph .....	207

For School Committee, 3 Years:

*Ella F. Boyd .....	I,232
*Samuel T. Elliott .....	I,231
*Alvin D. Holmes .....	I,247

For School Committee, 1 Year (Unexpired Term):

*Gilbert Balkam .....	I,242
-----------------------	-------

For Trustees of the Public Library, 3 Years:

*Charles G. Chick .....	I,244
*G. Fred Gridley .....	I,234
*Frederick L. Johnson .....	1194

For Sewer Commissioner, 3 Years:

*William U. Fairbairn .....	I,220
-----------------------------	-------

For Park Commissioner, 3 Years:

*John J. Enneking .....	I,225
-------------------------	-------

For Tree Warden:

*Edwin J. Chandler .....	I,215
--------------------------	-------

For Constables:

Fred C. Bigelow .....	817
*James A. Cullen .....	897
*Robert E. Grant .....	I,234
*Daniel O'Connell .....	886
Alexander Schwab .....	797
*William W. Scott .....	903
*William Wragg .....	I,127

"Shall licenses be granted for the sale of intoxicating liquors in this town?" Yes, 630; No, 1,179.

The following were chosen by viva voce vote to the office set against their names:

Fence Viewers: Bartholomew B. Kivlin, Clarence A. Lishman, Henry V. Harwood.

---

\* Declared elected.

Field Drivers: Bartholomew B. Kivlin, Clarence A. Lishman, Henry V. Harwood.

Pound Keeper: Bartholomew B. Kivlin.

Adjourned at 9.12 P. M.

March 30, 1904, a town meeting was held in Waverly Hall, when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting. Charles G. Chick, Esq., chosen.

Art. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law. The list was amended and accepted.

Art. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon. Report made and accepted.

Art. 4. To see what disposition the town will make of the money received from dog licenses in the year 1903. To the public library for purchase of books.

Art. 5. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 6. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 7. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a collector, may use.

So authorized.

Art. 8. To see if the town will authorize its Treasurer, with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Art. 9. To see what compensation the town will vote to pay for collecting its taxes and other assessments levied the current municipal year.

Same as last year, \$1,500.

Art. 10. To fix the salaries of the town officers for the current municipal year.

Selectmen, \$200 each; Assessors, \$300 each; Overseers of Poor, \$150 each; Town Clerk, \$250; Town Treasurer, \$600; Board of Health, \$100 each; Auditors, \$50 each; Cemetery Commissioners, \$50 each; Sewer Commissioners, \$100 each.

Art. 11. "To see if the town will authorize its Board of Selectmen to petition the General Court for necessary legislation, so that the town may consider the question of abolishing the Board of Sewer Commissioners."

The Selectmen were so authorized.

Art. 12. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

Voted to pay \$500.

Art. 13. To see what compensation the town will vote to pay the Secretary of the Board of Assessors, and for extra clerical services for the Board, for the current municipal year.

Secretary, \$250; and for extra clerical services the same as paid last year.

Art. 14. To fix the compensation of the engineers and the several members of the fire department for their services the current municipal year.

Chief Engineer, \$175; Two Assistant Engineers, \$150 each; for "Permanent Men," \$900 each; "Call Men," \$100 each. Same as last year.

Art. 15. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1904, and what interest the town will vote to charge on taxes for the current year when the same shall be overdue.

No discount allowed; interest at rate of five per cent. per annum on overdue taxes.

Art. 16. To see if the town will appropriate two hundred dollars to Post 121, Grand Army of the Republic, for the expenses of decorating the graves of deceased soldiers.

So appropriated.

Art. 17. To hear the reports of the Committee on By-laws, and of any other outstanding committee, and act thereon.

The report made by the Committee on by-laws, was recommitted with request to submit "report in print" at a subsequent meeting.

Art. 18. To see what sum of money the town will appropriate for the celebration of the fourth day of July next.

Indefinitely postponed.

Art. 19. To see what amount the town will appropriate to put in sanitariums, change the plumbing, and make the necessary connection with the sewer at the Greenwood Schoolhouse, and how the same shall be raised.

\$2,000 appropriated, from money received and to be received by the Treasurer as fines from defendants in criminal cases, the same to be expended under direction of the School Committee.

Art. 20. To see if the town will vote to pay the premium

on such bonds as are required by law to be given to this town by its treasurer, collector of taxes, and town clerk.

Voted to pay such premiums.

Art. 21. To appropriate money to satisfy the judgment of Catherine E. Stanford against this town.

\$1,416.96 appropriated for this purpose.

Art. 22. To see if the town will appropriate the whole or part of the money now in the hands of its treasurer, received by him under the provisions of Sections 44, 46, 47, 61 and 62 of Chapter 14 of the Revised Laws, for the construction, repair and maintenance of its public ways, and the removal of snow therefrom.

So appropriated.

Art. 23. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co. for the remainder of the term of our street lighting contract, for incandescent lights to be placed as follows: one on Holmfield Avenue, one on Westminster Street between Central Avenue and Park Street, and one at the junction of Central and Dell Avenues, or either of them.

Selectmen were so authorized.

Art. 24. To see if the town will vote to request its Board of Health to turn over to the care and custody of its Selectmen all the horses, carts and personal property now kept by said Board for use in the collection and disposal of ashes, garbage and waste material.

So requested.

Art. 25. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of one hundred

and seventy-one thousand five hundred and twenty-six and 96/100 dollars (\$171,526.96) and to appropriate the same as follows:

Schools:

Salaries and fuel .....	\$42,500.00	
Incidentals .....	5,000.00	
Text books and supplies .....	3,500.00	
Evening schools .....	1,200.00	
		<hr/>
		\$52,200.00
Bonds and notes maturing .....		15,000.00
Interest .....		10,000.00
Highways .....		20,000.00
Collection of ashes and garbage .....		5,300.00
Street watering .....		4,500.00
Judgment of Catherine E. Stanford .....		1,416.96
Incidentals .....		10,000.00
Police .....		11,200.00
Fire Department .....		11,700.00
Overseers of Poor .....		8,200.00
Street lights .....		10,850.00
Public Library .....		3,800.00
Salaries .....		5,760.00
Board of Health .....		1,400.00
G. A. R. Post .....		200.00
		<hr/>
		\$171,526.96

Art. 26. To see what action the town will take concerning the use as a public playground, or public park, of the six acres of land located at the head of Sunnyside Street and owned by the town, and what sum of money the town will authorize its Park Commissioners to expend in improvements thereon.

Voted to lay out this land as a public playground, and to place it in control of the Park Commissioners, the expense thereof to be taken from funds in said Commissioners' control.

Art. 27. To see if the town will vote to reimburse Mr. Frederick N. Tirrell \$56.30, paid by him under an erroneous assessment levied by the Sewer Commissioners.

Voted to so reimburse him from funds in control of the Sewer Commissioners.

Art. 28. To see if the town will accept the provisions of Chapter 346 of the acts and resolves passed by the legislature of Massachusetts during the session of 1902, the same being "An act to provide that moderators of town meetings may be elected for terms of one year."

The provisions of said chapter were accepted.

Art. 29. To determine what offices or officers shall be furnished with telephones at the expense of the town.

The town offices in Union Block, also one at the Police Station, the two fire stations, Superintendent of Streets, Superintendent of Schools, and Clerk of Board of Selectmen were determined upon.

Art. 30. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Authorized to borrow \$125,000.

Art. 31. To see if the town will appropriate the money now in the hands of its treasurer, received by him from the Commonwealth of Massachusetts, on account of small-pox cases, to the use of the Board of Health.

So appropriated.

Adjourned at 10.15 P. M.

November 8, 1904. The annual election of State, District and County officers was held in Waverly Hall. No other business was transacted.

The polls were opened at 6 o'clock A. M., and closed at sunset.

The number of votes received for the various candidates was as follows:

## For Electors of President and Vice President:

Corregan and Cox, Socialist Labor .....	20
Debs and Hanford, Socialist .....	105
Parker and Davis, Democratic .....	710
Roosevelt and Fairbanks, Republican .....	1,397
Swallow and Carroll, Prohibition .....	30
Watson and Tibbles, Peoples Party .....	3

## For Governor:

John Quincy Adams, Socialist .....	99
John L. Bates, Republican .....	993
Michael T. Berry, Socialist Labor .....	15
Oliver W. Cobb, Prohibition .....	12
William L. Douglas, Democratic .....	1,155
Blanks .....	95

## For Lieutenant Governor:

Olof Bokelund, Socialist .....	102
John C. Crosby, Democratic .....	805
Frank P. Dyer, Prohibition .....	29
Curtis Guild, Jr., Republican .....	1197
Moritz E. Ruther, Socialist Labor .....	18
Blanks .....	218

## For Secretary:

James A. Bresnahan, Socialist Labor .....	37
Fannie J. Clary, Prohibition .....	28
Charles C. Hitchcock, Socialist .....	104
Henry B. Little, Democratic .....	601
William M. Olin, Republican .....	1,284
Blanks .....	315

## For Treasurer:

Hubert C. Bartlett, Socialist .....	130
Arthur B. Chapin, Republican .....	1,239
Edmund D. Codman, Democratic .....	629
Andrew Mortensen, Socialist Labor .....	24
Willard O. Wylie, Prohibition .....	29
Blanks .....	318

## For Auditor:

Charles E. Burnham, Prohibition .....	32
Walter J. Hoar, Socialist Labor .....	35
Charles Stevens, Socialist .....	129
Francis X. Tetrault, Democratic .....	602

Henry E. Turner, Republican .....	1,222
Blanks .....	349
For Attorney-General:	
Henry M. Dean, Prohibition .....	113
John P. Leahy, Democratic .....	614
Herbert Parker, Republican .....	1,226
John Weaver Sherman, Socialist .....	115
Thomas Stevenson, Socialist Labor .....	24
Blanks .....	277
For Representative in Congress—Twelfth District:	
Augustus Hemenway, Democratic .....	672
George Elmer Littlefield, Socialist .....	136
John W. Weeks, Republican .....	1,305
Scattering and blanks .....	256
For Councillor—Second District:	
Frederick S. Hall, Republican .....	1,223
Irvin M. Newcomb, Socialist .....	136
Benjamin F. Tilley, Democratic .....	580
Blanks .....	430

December 28, 1904. A town meeting was held in Waverly Hall, when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Wilbur H. Powers, Esq., chosen.

Art. 2. To see if the town will vote to change the name of the public way heretofore known as "Damon Street" to "Damon Place."

Voted to make said change.

Art. 3. To see if the town will vote to accept the provisions of Chapter 339, of the Acts and Resolves passed by the Legislature of Massachusetts during its session of 1904. This Act is entitled, "An Act to Abolish the Board of Sewer Commissioners of the town of Hyde Park." If adopted by the town, "the powers and duties now pertaining to that board shall hereafter pertain to the Selectmen of the town."

Voted to accept the provisions of said chapter.

Art. 4. To hear the several reports of the selectmen laying out Damon, Wachusett, Safford, Waterloo and Regent streets as public town ways, and to see if the town will accept and allow the laying out of any or all of said streets with the several boundaries and measurements of said ways as shown by reports, plans and profiles now on file in the town clerk's office, and appropriate money to build any or all of said streets.

Voted to accept and allow these reports and to appropriate money to build said streets, as follows: Damon Street, \$700 to be taken from the present appropriation for street watering; Wachusett Street, \$421.57 to be taken from moneys returned by the Commonwealth on account of "abolition of grade crossing loan"; Safford Street, \$300 to be taken from the present appropriation for street watering; Waterloo Street, \$400 to be taken as follows: \$200 from the appropriation for street watering and \$200 from the appropriation for collection of ashes and garbage; Regent Street, \$2,700 to be taken as follows: \$604.85 from money received by the treasurer from the town of Milton on account of Beacon Street drain, \$400 from appropriation for collection of ashes and garbage, \$695.15 from incidentals, and \$1,000 from the appropriation for interest.

Art. 5. To see if the town will vote to make alterations in the Police Station building and appropriate money therefor.

Voted to make such alterations and to appropriate the sum of \$900 therefor, the same to be taken from moneys received the present municipal year as fines from defendants in criminal cases.

Art. 6. To see if the town will authorize its selectmen to contract with the Hyde Park Electric Light Co. for the remainder of the term of our Street Lighting contract, for street lights to be placed as follows: two incandescent lights on Regent Street; two on Damon Street; two on Waterloo Street; two on Vose Avenue; one on Wachusett Street; one on West Street, near the bridge; one on Huntington Avenue, between River Street and Westminster Street; one near corner of Metropolitan Avenue and Highland Street; one near Cottage Street; one on Gordon Avenue between Childs and Austin Streets; one on Reddy Avenue; one on Rosa Street; one on Floral Place; one on Winthrop Street between Harvard and Hyde Park Avenues; and one arc light on Hyde Park Avenue near the trotting park.

The Selectmen were authorized to contract for lights as set forth in this article.

Art. 7. To see if the town will vote to transfer the bal-

ance of the appropriation for the Garfield Avenue drain, in part to the appropriation for the Readville Street drain, and in part to "Highways"; and the balance of the appropriations heretofore made for a steam roller, for Linwood Street, and for West River Street, to the appropriation for Highways.

Voted to transfer as follows:

From Garfield avenue drain to Readville street drain .....	\$133.45
From Garfield avenue drain to highways .....	230.89
From appropriation for steam roller to highways .....	165.00
From appropriation for West River street to highways .....	43.93
From appropriation for Linwood street to highways .....	223.55

Art. 8. To see if the town will authorize its selectmen to contract, in behalf of the town, with the Hyde Park Water Company, for the remainder of the term of the town's contract with said company, for one additional fire hydrant to be placed on Wood Avenue, near Tina Avenue.

So authorized.

Art. 9. To see if the town will vote to sell its steam fire engine.

Voted to authorize the Selectmen to sell said engine.

Art. 10. "To see if the town will appoint a committee to consider the question of a new central fire station, also a permanent stable for the town, to be used by the highway department."

Messrs. Henry S. Bunton, Fred G. Katzmann, Stephen Murphy, Samuel T. Elliott and Howard M. Hamblin were appointed by the moderator to consider the subject matter of this article and to report at a future meeting.

Art. 11. To see what amount the town will appropriate for the purpose of draining Neponset Avenue.

\$600 appropriated for this purpose, the same to be taken from moneys received from the Commonwealth on account of the "Abolition of grade crossings loan."

Art. 12. To see if the town will "authorize its Selectmen

to expend a sum not exceeding five hundred dollars, for the construction of catch basins, and suitable piping to collect and convey the surface water at the junction of Hyde Park Avenue and Westminster Street, so that the water may be collected and carried north through Westminster Street to culvert and brook now in use by the town."

Selectmen so authorized and money to be taken from present appropriation for incidentals.

Art. 13. "To see if the town will appropriate a sum not exceeding one thousand dollars for salaries and fuel for our public schools, and how the same shall be raised."

\$1,000 appropriated for this purpose, the same to be raised by taxation next year.

Art. 14. To hear the report of any outstanding committee and act thereon.

Report of progress made by the committee on by-laws and Edwin C. Jenney, Esq., was appointed by the moderator to fill a vacancy on this committee.

Report of progress also made by the committee on crossing the railroad on Glenwood avenue.

Art. 15. To see if the town will appropriate the sum of four hundred dollars to settle the suit of Peter Rogers against this town.

\$400 appropriated therefor, the same to be taken from the appropriation for incidentals.

Art. 16. "To see if the town will authorize and instruct its Cemetery Commissioners to convey to Camp John Cleary, No. 37, Legion of Spanish War Veterans, for a nominal consideration, a suitable lot in Fairview Cemetery for burial purposes."

So authorized and instructed.

Art. 17. To see if the town will authorize the Selectmen to henceforth use the money received and to be received by the town on account of the sale of swill, for the purpose of collecting swill and garbage.

So authorized.

## Town Clerk's Report.

#### February.

2. Daniel J. Donohue and Margaret Nolan both of Hyde Park.
4. William Brunton of East Boston and Alice Williams of Hyde Park.
8. Frederick Dennette of Hyde Park and Alexina Morin of Waltham.
10. Michael J. Carroll of Hyde Park and Mary C. Finn of Milton.
10. Michael P. Lynch and Elizabeth T. McGrath both of Hyde Park.
11. Charles W. Coffin, Jr. and Jennie Linten both of Hyde Park.
11. Henry Scott and Teresa M. Devine both of Hyde Park.
13. Eric A. Peterson and Nanie Bjorkman both of Hyde Park.
14. Agastino Gualtieri and Lina Varoni both of Hyde Park.
16. James F. Moran and Annie A. Lally both of Hyde Park.
24. Edwin Van D. Tirrell and Katherine Ford both of Hyde Park.

#### March.

1. Hjalman Nelson and Annie Lafangie both of Hyde Park.

14. Alexander Markelis and Mary Czpons both of Hyde Park.
22. Arthur W. Williams and Ethel L. Gordon both of Hyde Park.
26. Farquhar S. Mackenzie of Hyde Park and Mary Ann (Blair) Harris of Andover.
30. Frank M. Fellows of Hyde Park and Bessie B. Frame of Quincy.

## April.

6. Burton G. Sears and Helen M. Hubley both of Falmouth.
6. Thomas H. Le Fever of Hyde Park and Mary E. McMahon of Boston.
6. Ernest G. Woodward and Georgina G. Straker both of Hyde Park.
6. Patrick J. Hawkins and Abbie T. Larkin both of Hyde Park.
10. Michele Pucillo and Assunta Ventola both of Hyde Park.
12. Michael Fleming of Boston and Julia Fahy of Hyde Park.
16. George E. Winslow of Hyde Park and Susan C. Balkam of Boston.
17. John Sink and Bronestava Niksa both of Hyde Park.
18. William H. Loseno and Anna E. MacDonald both of Hyde Park.
19. George F. Wagner of Boston and Georgieanna M. Wright of Hyde Park.
19. George F. Cummings of Hyde Park and Margaret T. Joyce of Boston.
19. Robert J. Haughton of Brockton and Jessie E. Geary of Hyde Park.
20. James H. Marley of Hyde Park and Katie McDonald of Canton.
27. Daniel J. Mahoney of Hyde Park and Katherine E. Delaney of Dedham.
27. Martin A. Jordan of Hyde Park and Bridget T. Reagan of Attleboro.
27. John H. O'Connor and Louise A. Mulcahy both of Hyde Park.
30. Svend Svendsen and Elin Bjurstrom both of Hyde Park.

## May.

1. Bartolomeo Marchetti of Hyde Park and Leonilda Demarchi of Boston.
1. George Zink of Boston and Rose L. Silva of Hyde Park.
1. Ernest S. Bangs and Josephine A. Thompson both of Boston.
2. Charles H. Kierstead and Isabel Sewell both of Hyde Park.
5. John L. Matthews and Mary (Phrenix) Smith both of Hyde Park.
8. John A. McGrath of Hyde Park and Mary Howe of Boston.

8. Pellegrino Ventola and Giovannina Mercogliano both of Hyde Park.
13. Frederick A. White and Mamie F. Clancey both of Hyde Park.
14. Joseph Maehan of Putnam, Conn., and Annie Dowling of Hyde Park.
15. Michael Galaria and Ludvick Bianostky both of Hyde Park.
15. William J. Gallagher and Madaline (Dahl) Danforth both of Hyde Park.
18. Frank A. Junkins of Saugus and Nellie M. Stevens of Hyde Park.
18. John F. McCarthy of Hopkinton and Mary A. (Gillhooly) Jones of Hyde Park.
20. Sherman D. Taylor and Jennie M. Crawford both of Hyde Park.
22. Thomas Menino and Maria Nicoloro both of Hyde Park.
23. Sozio Piccirilli and Angiolina (Innaco) Cennerazzo both of Hyde Park.

#### June.

1. William A. Holmes of Tisbury and Lucy K. Sears of Hyde Park.
1. Patrick J. Gilmartin of Hyde Park and Catherine F. Donovan of Boston.
1. John W. Mahoney and Emily M. Deagle both of Hyde Park.

     Prescott.  
 Wolcott road, from Water street.  
 Wood avenue, from E. River paper mills to Boston line.  
 Woodland road, from Tileston.

## Report of the Board of Engineers of the Fire Department.

---

To the Honorable Board of Selectmen:

Gentlemen: The Board of Engineers herewith present their annual report for the year ending January 31, 1905.

The Department has responded to ninety-five alarms during the past year, fifty bell and forty-five still. There have been fifteen no school signals, and we have answered four Boston and three Dedham calls.

The Department has traveled 727 miles, laid 16,500 feet of hose, 15,000 feet of chemical hose, raised 4,000 feet of ladders, used 5,700 gallons of chemicals. At 51 fires we have used the chemical engine only.

The following table shows property losses, etc.:

	Value.	Loss.	Insurance.
Buildings,	\$90,200	\$ 6,590	\$60,450
Contents,	73,200	13,305	40,950
Total,	<hr/> \$163,400	<hr/> \$19,895	<hr/> \$101,400

We have extended the fire alarm system, have replaced five miles of wire, have purchased and put up seven miles of new wire, put in a tapper system for call men, and purchased one new fire alarm box, so that we can have one extra box on hand at all times, in case of accident.

All equipment is in good condition. The fire alarm system should be extended every year and some new boxes added and the old wire gradually replaced by new.

The apparatus now consists of three hose wagons, one

hose reel, one chemical engine, one ladder truck, two five gallon hand chemical tanks, seven horses, five sets of double swinging harness, one single harness, five thousand feet of good hose, two thousand five hundred feet of poor hose, one Eastman deluge set, a storage battery, forty-four fire-alarm boxes, forty call bells on tapper system, thirty-five miles of wire and ten single beds complete, all in good condition.

The work of the Department for the past year has been very gratifying to the Board of Engineers, ninety-six per cent. of the men have answered all alarms for the year, showing the great interest they take in the work.

The Board of Engineers wish to thank the Department for the prompt and faithful work for the past year, to the Police Department for their assistance and to the citizens for their many kind words.

The Department now consists of Chief Engineer, two Assistants, five permanent men and thirty-four call men, making a total of forty-four members.

JOHN H. WETHERBEE, Chief,  
JOHN C. McDOUGALD, Clerk,  
DENNIS W. MAHONEY.

# REPORT OF THE CHIEF OF POLICE.

---

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit for your consideration the annual report of this department for the fiscal year ending January 31, 1905, together with some recommendations which I consider necessary:

Whole number of arrests .....	500
Males .....	476
Females .....	24

No. 1—Offences against the Person:	Male.	Female.
Assault and battery .....	23	1
Assault with dangerous weapon .....	2	..
Rape .....	1	..

No. 2—Offences against Property Committed with Violence:		
Breaking and entering dwellings at night .....	10	..
Breaking and entering dwellings by day .....	8	..
Breaking and entering railroad car .....	6	..

No. 3—Offences against Property Committed without Violence:		
Appropriating teams without consent of the owner .....	2	..
Larceny .....	33	1
Receiving stolen goods .....	2	..

No. 4—Offences against The License Law:		
Violation liquor law .....	12	1
Peddling without license .....	2	..
Violation Pool License .....	1	..

## No. 5—Offences against Chastity and Morality:

Adultery .....	3	..
Bastardy .....	1	..
Fornication .....	..	3
Indecent exposure of person .....	1	..
Cruelty to animals .....	3	..

## No. 6—Offences not included in foregoing:

Disturbing the peace .....	103	3
Drunkenness .....	171	12
Gaming, and being present where gaming imple- ments were found .....	8	..
Gaming Lord's Day .....	24	..
Keeping noisy and disorderly house .....	1	..
Perjury .....	2	..
Libel, criminal .....	2	..
Violation railroad law .....	12	3
Refusing to pay car fare .....	3	..
Suspicious person .....	1	..
Vagrant .....	32	..
Nuisance .....	6	..

## MISCELLANEOUS.

Insane persons taken in charge .....	4
Missing persons reported .....	11
Missing persons found .....	5
Lost children restored .....	13
Sick and injured persons assisted .....	6
Cases investigated .....	1,163
Buildings found open and made secure .....	49
Defective sewer reported .....	..
Defective streets and sidewalks .....	12
Fire alarms given by officers .....	5
Extinguished without alarm .....	..
Street obstructions removed .....	5
Total years of imprisonment .....	10 yrs., 4 mos., 4 days
Total days of attendance in court by officers .....	478 days
Value of property stolen .....	\$606.75
Value of property recovered .....	\$225.75
Amount of fines imposed by court .....	\$1,944.00

Number of arrests on warrants .....	31
Number of arrests without warrants .....	469
Number of cases placed on file .....	117
Number of cases placed on probation .....	28
Number of cases discharged by court .....	17
Number of persons delivered to other officers .....	8
Number sent to Lyman School .....	2
Stray teams put up .....	5
Accidents .....	11
Accidents, fatal .....	3
On duty calls pulled in since Aug. 1, 1904 .....	14,724
Telephone calls pulled in since Aug. 1, 1904 .....	942
Wagon calls pulled in since Aug. 1, 1904 .....	14
Number dogs killed .....	51
Travelers lodged over night .....	701
Lost articles found and restored to owners .....	9
Lanterns hung out on obstructions .....	47
Defective street lights reported not burning .....	132
Search warrants served for liquors .....	14
Amount of liquor seized .....	19 1/2 gallons
Number places convicted .....	8

## RECOMMENDATIONS.

The present police force assigned to regular duty consists of fifteen men, namely a Chief, Lieutenant, eight night men and five Sunday men. The number of Patrolmen is inadequate to meet the requirements of this part of the Police Service. Two routes at least, covered by night officers, are so long that a large part of their territory can be covered only at great intervals. To relieve this situation two more regular men are required and I renew the recommendation of my predecessor in this matter. The frequent calls for assistance from the police department in cases of accidents present the necessity of having a police ambulance with red cross equipments. The large number of men now employed within our town render the number of these calls to be on the increase rather than otherwise. The number of female arrests and oftentimes unsightly scenes in connection therewith also

suggests the need of such a vehicle for patrol duty. I therefore recommend installation of combination ambulance and patrol wagon. At a recent town meeting provisions were made for alterations in the Police Station.

I wish to make clear the necessity of these changes. At present there is but one cell room, containing but four cells. In the first place a separate room for female prisoners is imperative for obvious reasons. Secondly the large number of persons now being detained requires, however crude, installation of sanitariums, and a padded cell for the insane. Lastly, the office should be on the ground floor where all persons detained can be immediately brought to the attention of the officer in charge, for the purpose of future identification, etc., and he be in possession of a single key to the cells instead of each officer having one as at present. In conclusion, gentlemen, I desire to thank you for your uniform courtesy and confidence and also acknowledge the efficiency and support of the members of this department.

Respectfully submitted,

JASON W. BUTTERS,  
Chief of Police.

## Report of the Superintendent of Streets.

---

To the Honorable Board of Selectmen:—

Gentlemen:—I herewith submit to your Board my annual report as Superintendent of Streets for the financial year ending Jan. 31, 1905.

Street Work—12,760 square yards of crushed stone used; 31,646 square yards of gravel have been spread in various parts of our town; 3,838 square yards of crushed stone dust used upon our sidewalks; and 800 square yards of paving re-laid. We have also laid 540 square yards of new paving for gutters.

Drain for Surface Water—During the year we have laid 3,904 feet of drain pipe for surface drainage in our public ways, and constructed 16 catch basins in connection therewith.

Removal of Snow and Ice—During the financial year we have spent \$2,073.44 in the removal of snow and ice.

General Cleaning of Streets—We have spent during the year for general work in cleaning gutters and our public ways, \$3,242.61. In this labor our department has removed waste material as follows, single loads, 2,027, double loads, 621.

Edgestones—The new edgestones set for sidewalks for the past year have amounted to 1,550 lineal feet. We have reset 1,400 feet of curbstones.

Fences—We have constructed 1,550 feet of fence work during the year, to guide side lines of streets that were dan-

gerons or necessary to properly fix the location of highway lines.

Street Openings—Our department has issued ninety-eight permits to various parties or corporations to open for various quasi public work.

Repair of Bridges—We have repaired various bridges during the year at an estimated expense of \$500.00.

Stone Crushed—We have expended for labor at our stone crusher for the year \$2,242.84.

Garbage Collected—Under this department we have collected 5,045 cans, which have been sold for \$192.00.

Ashes Collected—3,762 loads of ashes have been collected by our sanitary department for a part of the year, viz., April 1 to January 31, 1905.

Crosswalks—We have laid 230 feet of granite crosswalks during the year, and repaired 120 feet.

#### A PARTIAL DETAILED STATEMENT.

Albion St.—Repairs on street, 800 square yards, \$24.05.

Arlington St.—Repairs on street, 1,910 square yards, \$21.86; repairs on sidewalk, 150 yards, \$2.40; setting new curb, \$17.00; new catch basin, \$53.56.

Beacon St.—Repairs on street and gutters, \$243.62; setting town boundary, \$5.56.

Beaver St.—repairs on sidewalk, \$2.17.

Business St.—Repairs on street, \$12.75; resurfacing street, 2,900 square yards, \$488.25; repairing sidewalk, \$2.68; resetting curb, \$12.00.

Childs St.—Repairs on street, 41c.; resurfacing street, 2,050 square yards, \$215.96; repairs on sidewalk, \$9.70; setting curb, \$6.76.

Cleveland St.—Repairs on street, \$1.10; resetting curb, \$12.02.

Dana Ave.—Repairs on street, \$7.75; repairs on sidewalk, \$131.06; building wall, \$9.50.

Davison St.—Repairs on street, gravel, 1,980 square yards, \$50.27.

Easton Ave.—Repairs on street, \$1.00.

Elm St.—Repairs on street, \$1.30.

Everett St.—Resetting curb, \$1.55.

Fairmount Ave.—Repairs on street, \$220.44; surveying on street, \$1.50; resetting curb, \$29.45; building fence, \$3.42.

Gordon Ave.—Repairs on street, \$49.00; building fence, \$6.00; resetting curb, \$47.25.

Garfield Ave.—Repairs on street, \$7.93; repairs on sidewalk, \$78.60; building catch basin, \$6.13.

Highland St.—Repairs on street, 900 yards, \$142.99; repairs on sidewalk, \$2.68; resetting curb, \$45.48.

Hyde Park Ave.—Repairs on street, 9,330 square yards, \$557.00; repairs on sidewalk, \$56.24; building crosswalks, \$99.96; building wall, \$11.62; repairing gutters, \$39.44; setting curb, \$17.38; resetting curb, \$4.75.

Holmfield Ave.—Building fence, \$2.81.

Linwood St.—Building street, \$177.45; setting curbstones, labor, \$162.99.

Loring St.—Repairs on street, 1,100 square yards, \$93.62; repairs on sidewalk, 1,030 square yards, \$106.76.

Maple St.—Resetting curb, \$3.75.

Metropolitan Ave.—Repairs on street, \$21.96.

Milton Ave.—Repairs on street, \$10.52; repairs on sidewalk, \$22.36; resetting curb, \$13.84.

Milton St.—Repairs on street, 1,100 square yards, \$54.45; crosswalk, \$49.18.

Neponset Ave.—Repairs on street, \$6.20; repairs on sidewalk, \$7.45.

Norton St.—Repairs on street, 335 square yards, \$27.86.

Oak St.—Repairs on street, \$1.57; repairs on sidewalk, \$3.30.

Park St.—Repairs on sidewalks, \$25.18.

Perkins Ave.—Repairs on street, junction of Childs, \$55.47.

Pine St.—Repairs on street, \$54.05; repairs on sidewalk, \$2.40; setting curb, \$19.35.

Pond St.—Repairs on street, 1,070 square yards, \$102.24; repairs on sidewalk, \$3.38.

Readville St.—Resurfacing street, 7,020 square yards, \$3,435.63; setting curb, \$62.55.

River St. (West)—Repairs on street, 570 square yards, \$163.85; repairs on sidewalk, \$5.38; resetting curb, \$33.63.

River St. (East)—Repairs on street, 1,420 square yards, \$290.15; resetting curbs, \$7.03.

Roxanna St.—Repairs on street, 360 square yards, \$20.04.

Sprague St.—Repairs on street, \$3.50.

Summer St.—Cutting roots, \$11.00.

Summit St.—Repairs on street, 1,460 square yards, \$130.82; repairs on sidewalk, \$5.84; setting curb, \$11.59.

Sunnyside St.—Resetting curb, \$31.98.

Thatcher St.—Repairs on street, \$2.45.

Walnut St.—Repairs on street, 800 square yards, \$26.27; repairs on sidewalk, \$4.96.

Warren Ave.—Repairs on street, 1,000 square yards, \$57.05.

Washington St.—Repairs on street, \$25.38; repairs on sidewalk, \$7.90; catch basin, \$22.66.

Water St.—Repairs on sidewalk, \$1.00; resetting curb, \$6.75.

Webster St.—Repairs on street, \$3.47.

Williams Ave.—Repairs on sidewalk, \$5.00; repairs on sidewalk, 1,100 square yards, \$88.75.

West St.—Repairs on street, 1,010 square yards, \$11.30; repairs on sidewalk, \$13.87.

Winslow St.—Repairs on street, \$12.13; repairs on sidewalk, 680 square yards, \$8.25.

Winthrop St.—Repairs on street, 700 square yards, \$2.75.

Wolcott Square—Repairs, \$12.25; digging drain, \$53.46; setting curb, \$27.88.

Wood Ave.—Repairs on street, 470 square yards stone, 600 square yards gravel, \$77.78.

ARTHUR T. ROGERS,  
Superintendent of Streets.

## Report of the Park Commissioners.

---

One of our members, Frank B. Rich, elected Park Commissioner in 1902, was, at the last town meeting for the election of officers, made a member of the Board of Selectmen and understanding that he could not legally hold both offices, resigned from the Park Board March 8, 1904.

As required by Chapter 336 of the Acts and Resolves of the General Court in the year 1891, notice was immediately given by the two remaining members of the board to the Board of Selectmen that there was a vacancy in our board and that we were ready to meet with them in joint session to fill the vacancy for the unexpired term.

The joint session was held March 21, 1904, and Stillman E. Newell was chosen as the third member of the Park Board.

This board has always had and expressed a lively interest in the purification of the Neponset River and in our Ninth Annual Report quoted Sections 1 and 2 and mentioned number 3, Chapter 541, of an act approved June 28, 1902. Under this act the State Board of Health has during the past year given notice to the authorities of the town of Norwood and the owners of the tannery in that town to discontinue the discharge of unpurified sewerage and waste into the river after July 1, 1905. This is not only a very important but a very difficult matter to accomplish and necessarily required a very careful study. Although the odor from the stream during some of the warm days last summer was quite marked, we know that many of the small discharges of foul matter into the stream were cut off.

March 30, 1904, the town voted as follows:

That the land set forth in Article 26 be used as a public play-ground, and that the said land be placed under the control of the Park Commissioners for such purposes, and that the Park Commissioners be directed to lay out the same as a public play-ground, and that the cost of the same be paid from funds now accredited to said Park Commissioners.

This land belonging to the town comprised about six acres at the head of Sunnyside street. The ground was quite rough and largely hard pan, making it expensive to grade and no use whatever as a play-ground without grading. It was generally understood that the sum of seven hundred dollars would pay for grading the lot and this was based on a plan showing a field laid off in thirty feet squares of one hundred and eighty feet wide by three hundred and sixty feet long. The plan was made and handed to the commission to work upon by players of base ball, who were responsible for getting the vote passed. Under competitive bids, the work was awarded to an outside contractor who employed our townsmen in doing nearly all the work, and it was only when the work was nearly done that the size of the field was questioned, and the commissioners, none of whom were ball players, learned that one hundred and eighty by three hundred and sixty feet was the standard size of a foot ball field, but not large enough for the game of base ball. Having expended a sum equal to the generally understood cost and with very little interest shown in the matter by the young men and finding that to fit the ground for football by clearing up the surface and loaming and sowing grass would largely increase the expenditure, even with the mandatory vote passed, the commissioners decided to expend no more upon it without further instruction from the town.

The amount expended has been: For Engineering, \$25.00; Grading, \$700.00.

Doubtless the mover and advocate of this vote had been led to believe that the town lot was suitable and could be graded for about the sum of seven hundred dollars to make a good and sufficient ball ground, when in fact the balance of the appropriation on which the Park Commission could draw would not have sufficed by a considerable amount to properly grade and finish a base ball ground. The ground as graded would make a fine site for a hospital or other building for benevolent purposes.

Camp Meigs. In 1893 an appropriation of sixty dollars was made for the purchase of shrubbery for Camp Meigs. During that year those living near cared for and watered the plants at a great inconvenience, and the Hyde Park Water Company, having agreed to furnish the water for them without charge, an appropriation was made by the Board of one hundred dollars for the purchase of pipe and hose and for cleaning up the paths, trimming the grass, and small rustic seats. Of this appropriation the sum of \$75.61 has been expended.

LAWSON B. BIDWELL,  
STILLMAN E. NEWELL,  
JOHN J. ENNEKING.

Park Commissioners.

## Report of Cemetery Commissioners.

---

During the past year the work in the Cemetery has been limited to short extensions of avenues and paths, preparation of additional lots, and care of parts of the Cemetery hitherto adapted for use.

The Cemetery fund is now \$11,528.90, an increase of \$874.84 from last year.

The receipts and expenditures for the financial year ending January 31, 1905, are as follows:

### Receipts.

Sale of lots .....	\$ 1,045.00
Sale of single graves .....	465.00
Interment and receiving tomb charges .....	527.00
Foundations and labor .....	135.32
Wood and stone .....	8.50
Interest on fund .....	426.16

Total .....	\$ 2,606.98

## Report of Overseers of the Poor.

---

The Overseers of the Poor herewith respectfully submit their thirty-seventh annual report.

The death of Mr. Charles Lewis, for many years chairman of the Board of Overseers, occurred at his home on the fifth day of November last, after an illness extending over a period of nearly a year. Kind and considerate, of sterling integrity, he had won the respect and esteem of his associates and the community at large.

In comparing the work of the Overseers of the Poor for one year with that of another we find very little change, except in amounts expended, with very nearly the same lists of names. By reason of change in law in relation to care of pauper-insane, the expenses of the department are considerably reduced. All inmates of institutions other than asylums for the insane, are maintained as a direct charge to the town.

The falling off in the number of tramps lodged at the lockup, as compared with that of last year, is most noticeable. The police report 760 persons were lodged during the year, while the record of the previous year was 3,198. This great change is due solely to the action of the police, who have adopted the plan of weeding out the professional tramps and putting them into court as vagrants.

In consideration of the fact that there is due the town from the State, cities and towns a sum amounting in round numbers to \$850, which sum will be collected during the ensuing year, it is estimated that an appropriation of \$7,300 will be sufficient to meet the expenses of the department.

## EXPENDITURES OF POOR DEPARTMENT.

Whole number of persons aided (including tramps lodged) .....	1,108
Number of persons fully supported .....	27
Number of persons partially supported .....	321
Number of tramps lodged at lockup .....	760

## REPORT OF INSPECTOR OF BUILDINGS.

---

Hyde Park, Mass., Jan. 31, 1905.

To the Honorable Board of Selectmen:

Gentlemen: The Inspector of Buildings submits the following report for the year ending Jan. 31, 1905.

Whole number of Permits granted during the year from	
Feb. 1, 1904, to Jan. 31, 1905 .....	63
For New Buildings .....	36
For Extensions, Additions and Alterations .....	27
Number of visits made during the year .....	265

I have submitted my annual report to Joseph E. Shaw, Chief of District Police, State House, Boston, Mass.

Respectfully,

RICHARD F. BOYNTON,  
Inspector of Buildings.

## REPORT OF THE BOARD OF HEALTH.

---

To the Citizens of Hyde Park:

We have the honor to present to you the following report of the work of this Board for the year ending January 31, 1905.

### CONTAGIOUS DISEASE.

There has been reported to the Board during the year ending December 31, 1904, 129 cases of contagious disease, divided by months as follows:

	Diphtheria.	Scarlet fever.	Measles,	Typhoid fever.
January,	1	3	1	0
February,	0	2	0	0
March,	0	4	9	0
April,	2	4	34	0
May,	1	1	30	0
June,	0	0	15	0
July,	0	0	4	1
August,	0	0	0	0
September,	0	0	0	0
October,	1	4	0	1
November,	1	3	0	0
December,	6	0	0	1
Totals,	12	21	93	3

This table shows a marked decrease in the number of cases of scarlet fever and typhoid fever over the corresponding report of last year. There were no deaths from diphtheria, measles or typhoid fever, and one only from scarlet fever. There were 93 cases of measles reported to the Board as against 3 the year previous. The total number of cases of contagious disease reported to the Board was 3 less than

last year, and 215 less than two years ago. Considering the increase in population in the town this is a favorable record.

The number of diphtheria cases was less than previous years and there were no deaths. We cannot speak too highly of the benefits of diphtheria anti-toxin; an early diagnosis and prompt use are needed. It is indeed a blessing.

On January 3, 1905, a case of small-pox was discovered in a boarding house on Waterloo Street in the Readville District. Living in the house at the time were 9 men, 2 women, and 2 children. The men were employees of the Sturtevant Blower Works. The house was immediately placed in quarantine and police officer stationed near to guard the house night and day.

The Board consulted with Dr. T. B. Shea of the Boston Board of Health, and arrangements were made to take the patient to a contagious hospital in Boston. Next morning, January 4, an ambulance from Boston removed said patient from Hyde Park.

The other people in the house were vaccinated and provisions and medical attendance supplied by this Board while the quarantine was in force. Many of the employees of the foundry where this man had been working were also vaccinated.

Upon investigation it was found that this man with a friend had arrived in Boston on the steamship Cymric December 14, 1904, and they had both been exposed while on board to this disease.

This Board was notified by the Boston Board of Health, that five other persons were passengers on the same boat, and were at that time in Hyde Park. We immediately looked these people up and they were given a thorough examination by the physicians of the Board.

On January 11, another case broke out at the quarantined house 14 Waterloo Street. This proved to be the man who came over on the Cymric with the first case. This second

patient was removed to Galloupe's Island by the Boston Board of Health, the town thereby saving much expense.

We are pleased to say that these two cases were all we had and after two more weeks of quarantine (making three in all) the people were released from 14 Waterloo Street. One of the children in this house was a pupil of the Damon School. The Damon School was therefore thoroughly fumigated.

The Board strongly requests that all cases of consumption where death takes place or the person so afflicted moves from one house to another that this Board be notified of the same and that it be allowed to disinfect the premises because it believes such a step is one of prevention and in the right direction. Statistics show that the ravages of consumption have been greatly diminished the last few years by cleaner and better ventilated dwellings. Prevent the spread of contagion if possible.

This Board is connected with the Mass. Association of Boards of Health, which is of much advantage in keeping its members in touch with all duties pertaining to a Board of Health and thereby in the front rank of sanitary advancement.

### COMPLAINTS.

We still request that all complaints to the Board be made in writing and signed. The complainants are not divulged. The knowledge of any matter requiring the Board's attention should be immediately made known to it, that such matter may be attended to at once.

### SEWERAGE.

The number of connections with the public sewer are about the same as last year. The Board strongly recommends that sewers be built in Reddy Avenue and Rosa Street and in the Holmfield and Readville Districts. In most

of this territory the ground is not suitable for the maintenance of proper cesspools and is a constant source of complaint from overflowing cesspools.

### SURFACE DRAINS.

The Board after having many complaints from the Stony Brook Water Shed in the Clarendon Hills District, and having duly investigated the same deems it advisable that something be done to relieve the existing conditions in that region.

The first two months of this year the collection of ashes and swill was under the supervision of this Board, but at the last appropriation meeting March 30, the Board of Selectmen was given the care of this work and since the above date has been under the control of this Board.

CHAS. F. STACK, Chairman,  
WM. W. SCOTT, Secretary,  
JOHN A. MORGAN.

## Report of Inspector of Plumbing and Health Officer.

---

To Dr. C. F. Stack, Chairman, and Members of the Board of Health, Town of Hyde Park:

Gentlemen: I have the honor to submit to you my first annual report, which is also the eighth from this office for the year ending January 31, 1905.

There have been filed at this office 161 applications to do plumbing work, with plans and specifications calling for the following fixtures: Water-closets, 193; wash-bowls, 92; bathtubs, 77; wash-trays, 76; sinks, 108; urinals, 7.

There have been filed in this office 86 applications to connect with the public sewer.

Since assuming the duties of Plumbing Inspector, after receiving my appointment from you on August 22, 1904, I have made 77 inspections of new plumbing work and in only one or two cases was it found necessary to order any changes. The relations existing between the Master Plumbers and this office are most cordial.

There have been 15 cards posted for contagious disease, fumigated 65 rooms, including the Damon School, and used for this work 52 quarts of formaldehyde.

I have received and investigated 25 complaints, making 56 calls in looking up these complaints, as in many cases the trouble could not be located without going several times.

I have received quite a number of anonymous letters of complaint, but would state that no notice is taken of such letters. I would recommend to the public that all complaints be made in writing and the complainant's name signed to same. You may rest assured that all such communications will be held as strictly confidential.

JAMES G. BOLLES,  
Inspector of Plumbing and Health Officer.

## **REPORT OF TREE WARDEN.**

---

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit the report of the Tree Warden for the year ending Jan. 31, 1905. Early in the spring I commenced to give the trees in the town a thorough trimming and had gone over about one-quarter of the town when I was informed that there was no more money available, so I ceased work. Permission has been given to remove trees on West and Webster Streets. There is much trimming yet to be done in some parts of the town and I would recommend that the sum of Three Hundred Dollars be appropriated for the care and maintenance of trees.

Respectfully submitted,

EDWIN J. CHANDLER,  
Tree Warden.

## REPORT OF THE SCHOOL COMMITTEE.

---

To the Citizens of Hyde Park:

The number of pupils graduating from the High School last June was thirty-one and the number of pupils entering last fall was one hundred fifty-seven. It was so evident to the School Committee that the entering class would be larger than usual that a new teacher was engaged, and a new room furnished before the opening of the fall term.

The increase in the number of the grammar school pupils required an addition of one to the teaching force.

The opening of new rooms means an increase in the expenditures for coal and also for supplies. In consequence of these extra expenses we were obliged to ask an appropriation of \$1,000 for salaries and fuel, which was unanimously voted. That this was not entirely unexpected will be observed by a reference to last year's report of the School Committee in which we said, referring to the grammar schools: "We expect an increase in the number of school children and naturally that would require more teachers," and in reference to the High School: "The increase may require a new teacher in spite of all our attempts at economy."

Your School Committee is not only willing but anxious to co-operate with the other departments in town for an economical administration of affairs. At the same time, they deem it advisable to appropriate each year sufficient to meet the expenditures for that year rather than to carry them over to the next year. Economy does not mean postponement of payment.

In our estimate of expenditures for the current year we have been assisted by the Advisory Committee and the estimate hereinafter given is the result of our joint efforts.

The number of pupils in our schools is larger than ever before, and consequently the appropriations will have to be larger, though the increase outside of salaries and fuel is very moderate. However, we appreciate the fact that a careful supervision of expenditures may bring better results than large appropriations.

The patronage of the High School is still on the increase. A larger proportion of grammar school graduates enter the High School than formerly. The number of pupils graduating from the grammar schools next June will be about eight or ten less than last year, although the entire membership of our elementary schools has increased. The number of pupils entering the High School from St. Raphael's will be fully as large, and, possibly, a little larger than last year. We, therefore, expect an entering class not quite so large as last year, but numbering from 145 to 150. The number in the graduating class of the High School is sixty-three. Making the usual allowance for decrease in membership in the classes already attending the High School, it is apparent that there will be a further increase in the number of pupils in the High School next year. The enrollment the present year is 375, and the enrollment next year will, probably, not be less than 400 and is likely to be more.

From these figures, it is apparent that another room must be fitted up with desks and seats; that more seats must be put in the Assembly Hall; and that an additional teacher must be employed.

While we expect an increase in the attendance in the grammar schools, we do not have any information which shows that there should be an additional increase in the number of teachers. Of course, it is possible that circum-

stances may change so that one or more teachers will have to be added to the present force.

All of our public school buildings, with the exception of the Damon, are now connected with the sewer. This building contains eight rooms, four of which are in use, accommodating about 170 pupils. It is located near the blower works, but while the location is far from ideal and might be improved, yet the conditions are not likely to be any worse next year than they have been. Doubtless, the land is valuable for business purposes, and it may be advisable for the town, if it can get a proper price for the lot, to dispose of it and change the location of the school. If no change is to occur in the location, the building ought to be repaired and connected with the sewer. A committee appointed by the town at our last annual town meeting to "report as to whether a change in the present location\* of the Damon School is necessary and if it is, to report as to the best location and the approximate cost of making such change" is still outstanding. Consequently, the School Committee do not feel it to be their place to recommend any definite proposition relating to the question. If, however, any considerable amount of money is to be expended on this building, it will have to be raised by a separate appropriation for that purpose as it is not included in the estimated expenditures for the current year.

The attendance at the evening schools is larger than ever before, and it appears to the committee wise to furnish good facilities for the education of pupils not able to attend the day schools. We, therefore, recommend an increase of \$100 in the appropriation for this purpose.

For a number of years previous to last year, an appropriation was made each year for an industrial school. Last year, owing to the report of the Advisory Committee, no appropriation was made for that purpose. The chief reason for this discontinuance is found in the fact that it adds to the

tax rate. For the same reasons as were given last year, the committee have not included this in their estimate.

We recommend that the town raise by taxation the present year for current school expenses the sum of \$54,700, divided as follows:

Salaries and fuel .....	\$44,800.00
Incidentals .....	5,000.00
Text books and supplies .....	3,600.00
Evening schools .....	1,300.00
	<hr/>
	\$54,700.00

Reckoning the \$2,000 appropriated for putting in sanitariums at the Greenwood School, but taken from fines paid by defendants in criminal cases, this estimate is an increase of \$500 over the total amount appropriated at the last annual town meeting, but is \$500 less than was appropriated during the last fiscal year for school purposes.

Many towns in the state appropriate more money per pupil, and more per thousand of the assessed valuation than Hyde Park, yet the School Committee feel that the citizens of our town have always been ready and willing to appropriate for school purposes any sum of money that seemed necessary or reasonable. Our schools in all departments will compare favorably with any in the Commonwealth. We have made a beginning in manual training, though we have no separate department or special teacher. We have done away with industrial schools at present, and have sub-primaries instead of kindergartens. Yet our sub-primaries have the essential elements of a kindergarten and are doing excellent work. Our pupils have all the opportunities requisite to fit them for manhood and womanhood. If the children have the incentive and the ambition to improve their minds and fit themselves to perform the duties sure to fall upon their shoulders as citizens of this Republic, our towns-

people will have no occasion to regret the sacrifices they make to educate them all alike.

On Thursday, Jan. 4, 1905, some individual members of the School Committee were informed that a man who a few days before was a steerage passenger on the Cymric had come down with small-pox in a house on Waterloo Street and had been moved to a small-pox hospital on the day before. Investigation showed that a girl from the infected house had attended the Damon School on the third before anyone knew that the house in which she resided was infected. The school books used by this pupil were at once burned, and the Board of Health was requested to fumigate the school building, which was done. The committee also took every other precaution to avoid the spread of the contagion. It may be a matter worthy of remark that while this unfortunate was being moved to the small-pox hospital, two cases against the town to recover damages for the exclusion of two unvaccinated children were on trial at Dedham.

In all departments of life and business, the moment one problem is settled another is ready to take its place. The High School and the Trescott School buildings were erected to accommodate the pupils in our prosperous and growing town, and before they are one-fourth paid for, other sections are in need of thoughtful attention. But Hyde Park has always met emergencies in the proper spirit, and doubtless will continue to solve such problems as they arise with businesslike economy, without running too deeply into debt and yet with a healthy spirit of progress, and with a determination to furnish the rising generation better opportunities for education than any previous generation has had.

Our public schools were never in better condition than they are today. Improvement can still be made in some directions, but there are no glaring defects. Perfection in any system cannot reasonably be expected, but if "each tomorrow finds us further than today," it is all anyone should

ask in educational matters. Your School Committee is satisfied that good progress has been made during the past year, and that the outlook was never better.

WILBUR H. POWERS,  
Chairman, for the School Committee.

Read and adopted as the Report of the School Committee at the regular meeting of the committee held January 23, 1905.

EDWARD S. FELLOWS,  
Secretary.

## SUPERINTENDENT'S REPORT.

---

To the School Committee of the Town of Hyde Park:

My seventh annual report as Superintendent of the Hyde Park public schools is herewith respectfully submitted.

Following is a summary of statistics, the membership and attendance based upon the returns for the school year last completed, ending June 30, 1904.

### GENERAL STATEMENT.

#### Schoolhouses.

No. 1.	High school, twenty rooms, Everett Street (thirteen occupied as class and recitation rooms)	
No. 2.	Damon school, eight rooms, Readville Street (four occupied)	
No. 3.	Hemenway school, one room, Wolcott Street	
No. 4.	Grew school, eleven rooms, Gordon Avenue (nine occupied)	
No. 5.	Greenwood school, nine rooms, Metropolitan Avenue (eight occupied)	
No. 6.	Amos Webster school, four rooms, Hilton Street (three occupied)	
No. 7.	Trescott school, four rooms, Rosemont Street (three occupied)	
No. 8.	Butler school, one room, East River Street (used for special purposes)	
No. 9.	Fairmount school, nine rooms, Williams Avenue (eight occupied)	
No. 10.	Weld school, two rooms, Highland Street	
Number of schoolrooms occupied .....		51
Number of school buildings .....		10
Number containing high school department .....		1
Number containing eighth (highest grammar) grade .....		4
Number containing primary grades only .....		4
Number used for special purposes .....		1

## Teachers.

Supervisors of special subjects .....	2
Number of teachers regularly employed .....	60
Men teaching in day schools .....	7
Women teaching in day schools .....	44
Men teaching in evening schools .....	3
Women teaching in evening schools .....	6
Number of day school teachers who have attended college .....	15
Number of college graduates .....	11
Number who have attended normal school .....	18
Number of normal school graduates .....	11
Number who have attended training school .....	6
Number of training school graduates .....	4

## SCHOOL CENSUS.

Population of Hyde Park (census of 1900) .....	13,244
Total number of persons 5 to 15 .....	2,532
Total number of boys 5 to 15 .....	1,254
Total number of girls 5 to 15 .....	1,278
Total number of persons 7 to 14 .....	1,780
Total number of boys 7 to 14 .....	883
Total number of girls 7 to 14 .....	897
Total number of persons in Hyde Park private schools ....	0
Total number of persons in Hyde Park parochial schools ...	784
Total number of persons in schools out of town .....	7
Total number of male illiterate minors over 14 years of age,	3
Total number of female illiterate minors over 14 years of age,	0

## MEMBERSHIP AND ATTENDANCE.

Total number of pupils registered .....	2,191
Total number of pupils registered, excluding re-enrollments,	2,016
Average membership .....	1,815
Average attendance .....	1,681
Per cent. of attendance .....	92.6
Number of pupils between 5 and 15 years of age .....	1,808
Number of pupils more than 15 years of age .....	240
Number of pupils between 7 and 14 years of age .....	1,199
Number of pupils less than 7 years of age .....	490
Number of pupils more than 14 years of age .....	406

A large share of time and effort during the first two or three years of school is devoted to learning to read. If, during this time, the learner is so fortunate as to have a competent teacher employing the best methods of instruction, subsequent progress is rapid and comparatively easy with constantly increasing independence and resourcefulness. On the other hand, if the teacher is incompetent or the method employed is faulty the period of weakness and dependence is greatly prolonged and a distaste for school reading is acquired which is carried over into all the school studies based upon the use of textbooks. The question of method in primary reading is, then, of very great importance.

Nine years ago the committee adopted for use in the primary schools a "phonic system" of books and manuals which have continued in use until the present year. The underlying method has many elements of strength, and, in competent hands, has proven very effective. The weakness of the system lies in part in a mass of ingenious and somewhat fantastic teaching devices which, while not an essential part of the method, form the most obvious element of the system and, in practice, are likely to obscure and weaken its really valuable elements. As used by the most successful teachers, these devices are subordinated to the essential features, many are omitted or greatly modified and the simplified system is adapted in various ways to the teacher's needs. But this simplified and useful system is worked out with considerable difficulty, is the result of years of patient experimenting, and is not available for new teachers. Another serious defect, which is an essential element in the method, is the mechanical application of the system to words which can be read by the pupil at sight. To prevent sight reading, the learner is caused to begin at the close of the sentence and pronounce each word, beginning with the last, only after it

has been marked with diacritical symbols and the meaningless sounds given in inverse order.

As compared with the so-called word method which it supplanted, this phonic system when employed intelligently is vastly superior. But choice is not limited to these extremes. The later combined systems as taught in the normal schools and widely used by teachers are equally effective as a means of teaching reading, entail less strain upon teacher and taught, are readily mastered by all the teachers now in our primary schools, and are already familiar to most new teachers.

For the reasons outlined above, one of the newer systems was recommended after careful observation of the phonic system in use. The recommendation has now been adopted and the change has been made in the sub-primary and the first grade. I am glad to report that there is no resulting lack of efficiency in any school, while in most cases there is a noticeable advance in the quantity and quality of work accomplished during the fall term.

I wish to renew my recommendation that, when it is necessary to replace worn-out books, the series of arithmetics in use in grades second to fifth, inclusive, be introduced in the three higher grades and that the seventh and eighth grades be provided with text-books in English grammar in which the essentials are emphasized and better illustrative material is provided. The language books used in the lower grades are very satisfactory. The advanced book is not completed in the sixth grade and contains sufficient material for the seventh grade. If the second half of this book is adopted for use in the seventh grade as recommended when the series was adopted, a brief grammar giving a clear-cut review of the essentials of technical grammar should be placed in the eighth grade. The complete elementary course would then give excellent preparation for the high school work in English to pupils whose mental development is sufficient to

enable them to grasp abstract grammatical principles. If it is still felt by the committee that more technical grammar should be taught in the seventh grade than is provided in this plan, the advanced book of a modern language series in which grammar is given great prominence would lead to better results in the seventh and eighth grades than the present course.

To most pupils below the High School, English grammar is an extremely difficult subject. Indeed, this statement is true of High School pupils of average ability and maturity. The inadequate English preparation of the entering classes of colleges is general and notorious. A part of the difficulty is inherent in the subject and is unavoidable. But this necessary difficulty is aggravated by two marked tendencies in the older and in some of the newer textbooks. First, there is an elaborate and intricate analysis and classification of the elements of the English language, with what seems to the pupil whose ability to generalize is limited an endless array of disconnected and irrational definitions, rules and exceptions. Second, the laudable purpose of placing before the children for analysis the best examples of English prose and poetry has led to the introduction of sentences from such sources as Browning, Carlyle and Emerson, which are obscure and sometimes meaningless to children. The textbook in English for use in the seventh and eighth grades should present the essentials of grammar clearly and simply with an abundance of suitable illustrative material.

With the changes suggested above, our elementary schools will be provided with modern textbooks in reading, arithmetic, grammar, geography, and American history. The best teachers are least dependent upon the book in teaching, but a suitable textbook in any subject provides material which must otherwise be written upon the blackboard or given to the class in dictation. One of the advantages of free

textbooks lies in the possibility of the adoption of improved books without involving financial loss.

The qualifications of the teachers is a subject of far greater importance than that of the qualities of the books employed in teaching. Among the teachers attracted to other towns by higher salaries are some whose places it is exceedingly difficult to fill. There is usually a serious element of risk in the exchange of experienced and eminently successful teachers for those relatively unknown and inexperienced. That there is, on the whole, no lowering of the standard of excellence is undeniable. During the past six years, at least, there has not been a time when the work of the schools was so uniformly excellent as it is during the current school year. Some of our best teachers remain after repeated opportunities to take positions in other suburban towns with higher salaries. It frequently happens that teachers with brief experience are well equipped for the most exacting positions and come to our schools because of the favorable location to gain the added experience demanded by the larger towns. It is doubtless true that if our best teachers could be paid at the highest rates they would remain in our schools for much longer periods with great advantage to our educational interests. It is equally true that any faithful and well qualified teacher earns far more than the salaries paid in the most favored communities. But it is not true that, because of the inadequate salaries, our teachers are incompetent or inefficient.

The work in drawing and construction has been in charge of Miss Florence M. Wood since the resignation of Miss Alice T. Boardman at the close of the fall term. Miss Wood is a graduate of the Hyde Park High School, Dean Academy, and the Massachusetts Normal Art School and has held a scholarship at the Boston Museum Art School. She is thoroughly qualified to supervise in this important depart-

ment of school work which has steadily grown in efficiency since its establishment five years ago.

With the exception of writing and the making of figures in arithmetic, the drawing exercises are the only school occupations provided for all the children which call for work with the hands. When we consider that under the conditions of modern town life most children during their school days are deprived entirely of the many home and farm or shop occupations which formed an important element in the education of their parents, the meaning and necessity of manual work in school is apparent. If the schoolgirl is to be taught to sew well she must, in most cases, be taught at school. If the boy is to learn to use tools properly he must learn at school. And, since sewing is to the girl and the use of tools is to the boy as useful and important, at least, as the names and location of one-half the rivers, towns, and mountains of school geography and one-half the names and dates of school history, the utilitarian argument for hand work in schools is sufficiently strong. But the argument from the needs of education is far stronger. As a result of the exclusively literary education of the schools, in the absence of practical home interests and habits of occupation, the graduates of our schools have found themselves fitted by preparation and interest only for further study along the same lines or for clerical positions. Many lines of employment have been thus closed to them, their sphere of usefulness is limited, and their interests and sources of pleasure in life are circumscribed. It is in view of the unbalanced education imparted by the traditional school subjects, when not supplemented by home occupations, that drawing has become an important element of school work, and the industrial application of drawing to design has been emphasized. In all the schools designs are applied to construction paper and simple objects of use and ornament are constructed. In a few cases, color has been applied in the primary grades in the

making of raffia baskets. In a number of the lower grammar grades the pupils have been encouraged to use pocket knives and thin pieces of wood from waste boxes in the construction of objects in accordance with carefully prepared designs. In the primary grades seeds have been germinated and plants grown to provide material for drawing lessons. The interest and encouragement of parents in these lines of work which are designed to give the children a desire for useful activity, the ability to perform skilful work with their hands, and interest in and respect for hand work and hand workers, is general and most highly appreciated.

No one who has received instruction in music is likely to underestimate its value as a means of discipline and a source of lasting pleasure. The younger men and women of today appreciate as their elders too often do not, the important place which music rightly holds in the public schools. In our own schools opportunity is given to every child who can distinguish pitch, who "has an ear for music," to learn to read music and to sing acceptably. A very large proportion actually acquire a good elementary education in vocal music. The study of music in our schools is so conducted as to form also a substantial means of training and education in its broader meaning. The work along both lines in this department during the past year has been of excellent quality.

The continued appreciation of our High School as shown by the constantly increasing membership is apparent. Hyde Park pupils may receive in this school thorough preparation for any college, while the courses are broad enough to provide general secondary education of a high order. The actual scholastic work of the High School is excellent and those elements of moral training which are of even higher importance continue to give character to the school and to all its departments and activities.

Your attention is invited to the reports of the Supervisors,

the Principal of the High School, the Evening School Principal, and the Truant Officer, which are appended.

Respectfully submitted,

FRANK O. DRAPER,  
Superintendent.

# APPENDIX.

## **REPORT OF THE SUPERVISOR OF MUSIC.**

---

Hyde Park, Jan. 19, 1905.

Mr. F. O. Draper, Superintendent of Public Schools:

Dear Sir,—Music today is recognized as an integral part of the child's education. As the public school system has grown and developed in the United States, musical directors and teachers of music have been appointed by the school authorities in all our large cities and very many of the larger towns. This recognition does not obtain alone in New England, but throughout our land. The teaching of this subject, however, is limited in its scope. It is confined to the elementary schools, where sight reading and singing are taught. As an exercise it is healthful. As a mental discipline it is excelled by few studies. By many physicians it is considered a safeguard from those diseases that affect the breathing organs. It teaches patriotism and tenderness, and inspires sentiment.

“Music the fiercest grief can charm,  
And fate's severest rage disarm.  
Music can soften pain to ease,  
And make despair and madness please;  
Our joys below it can improve,  
And antedate the bliss above.”

There is a well defined movement among musical educators to establish a course of music in the High Schools. The New England Educational League has outlined a tentative course which includes the study of the piano, organ, voice, or any other instrument of the Symphonic Orchestra, and the study of harmony, additional to the one period of choral work as at present. Upon inquiry I find that sixty of our

High School pupils are studying piano, twenty-two the violin, four the voice, and a half dozen more other instruments. Thus nearly twenty-five per cent. of our High School pupils are pursuing musical studies in addition to the regular course. Such a condition invites the question: Could any credit be allowed the pupils for such study toward the completion of their High School course, and would it be a wise move to include in the High School the further study of music, making it an elective?

Our schools in town have been doing satisfactory work in music. Individuality is encouraged and much enthusiasm prevails in nearly all the classes. The teachers have most willingly carried out the suggestions of the Supervisor, and I believe good work is being accomplished. I would like to thank the Superintendent for his cordial support and also the Committee for their interest in my department.

Yours respectfully,

**B. HAROLD HAMBLIN.**

Supervisor of Music.

## ***REPORT OF SUPERVISOR OF DRAWING.***

---

Mr. Frank O. Draper, Superintendent of Schools:

Dear Sir,—The short time that I have been at work in the schools hardly makes it possible for me to give any extended report of my work or its results, but I can say that I find interest and enthusiasm on the part of both pupils and teachers, and the work in good condition to be carried forward.

I am devoting my whole time to this town, spending two days each week at the High School, and visiting each room in the other buildings every two weeks.

Very respectfully yours,

FLORENCE MONROE WOOD,  
Supervisor of Drawing.

---

## ***REPORT OF HIGH SCHOOL PRINCIPAL.***

---

Mr. Frank O. Draper, Superintendent of Schools:

Dear Sir,—In accordance with your request, I submit herewith my sixth annual report of the High School for the year 1904.

The enrollment in December was 375. The membership was 363. The membership by classes was as follows:

1st year .....	151
2d year .....	91
3d year .....	54
4th year .....	61
Post-graduates .....	6
Total .....	<hr/> 363

Miss Mary E. Houston, teacher of English, resigned in June on account of ill health, and during the summer Mr. Charles W. French sent in his resignation because of a more lucrative offer from New York. To fill these places and to supply the necessary teaching force for the increased number of pupils the following teachers were chosen: Miss Mabel G. Taylor of Wellesley, Mass., Miss Jane L. Kendall of Manchester, Mass., and Mr. Charles W. Annable of Charlestown, Mass. Otherwise we are fortunate in retaining the same teachers as last year. If we glance at the list of teachers for this year we see that there are three men and ten women. The best secondary school authorities believe that there should be at least as many men as women teachers, and this becomes more urgent as the numbers in the school increase. It would seem wise, when it becomes necessary to add to our present number, to act in accordance with the above belief.

Owing to the increased number of pupils a room on the third floor was furnished during the summer and opened at the beginning of the school year. This room was used for two years for the typewriters, as it had better accommodations than the regular typewriting room. This makes nine regular class rooms. Another will be needed at the beginning of the next school year.

In conversing with the parents I have always found them in general ready to co-operate, and to do what seemed for the best interests and welfare of the schools. When, however, any special project is mentioned it is acknowledged to be a good move, but there is a reluctance, which for all practical purposes is negative, to stand boldly and say I believe it is right. This would indicate either a shifting of responsibility or a fear of leadership. I believe that it is the latter for the larger number. There is nothing that would be a greater help to our school than better attendance and less so called social life. In both of these the parents can do more than the teachers as they are really the responsible parties. We

hear complaints about the financial loss to the town because of the "no school" signal, or a "visiting day," but reckon if you will the loss when there are some two hundred absences in each month of from seventeen to twenty days, forty to fifty tardy from five to fifty minutes, and as many dismissed losing as much if not more time. And yet we meet here a most alarming indifference and lack of parental firmness. If each of the parents having children in the school would heartily join with the school authorities in a crusade against absence, tardiness and dismissal one of the greatest drawbacks to class room and school work could easily be removed. In some places public sentiment supports the teacher in refusing to dismiss a pupil.

The social problem is everywhere recognized as a serious question and one to which much attention is being given. The home, the church, friends, all have their demands upon the young man or woman which must be acknowledged. The school cannot, should not receive more than its share. How, then, shall the time be divided? The question is met in different localities in as many different ways. The extremes are where the school makes itself the social as well as the educational centre, and where the school refuses to accept any responsibility for the social life of its pupils. Neither of these extremes answers the question. I believe there is a "golden mean" which may be found in the right understanding between school and home, and which takes into account the ability of the individual pupil. In this school we have recognized four social events during the year which more or less affect the whole school: Two Prize Drills, an Officers' Party, and the Senior Dramatics. This does not seem to be excessive, but when you take into account the various athletic interests and class socials you have a somewhat formidable list if you expect pupils to do well in four years the amount of work required of the High School. The question needs careful thought and discussion

in each home, and a sound judgment which will be approved by all and put into force.

In June the class of 1904 presented to the school, to be placed in Room 21, three fine pictures: The Automedon or Horses of Achilles by Regnault, the Delphic Sibyl by Michael Angelo, and a colored print of St. Mark's in Venice. The class of 1903 at its last meeting voted to lay aside something each year toward the further adornment of Room 22, in which they placed their gift last year. It would now be appropriate to recognize this action in some way.

Through the generosity of the Education Society we have a good stereopticon. We now need slides, or a fund which may be used to hire them. Slides were loaned to us from Harvard last spring and we counted on the continuance of the privilege this year, but their generosity was short lived.

The Battalion is working well under the revised regulations adopted in May. It became necessary to form and equip a third company at the opening of school. This occasioned many new questions, but they have been easily solved under the new regulations. The town now has no adequate facilities for this line of work. It is hoped that the officers of the last two battalions will use funds left in their hands either for trophy cases or further adornment of the Assembly Hall.

Thanking you, Sir, and the Committee for their support, I remain,

Respectfully yours,

M. S. GETCHELL,  
Principal.

## **REPORT OF EVENING SCHOOL PRINCIPAL.**

---

Hyde Park, January 23, 1905.

Frank O. Draper, Esq., Superintendent of Schools, Hyde Park, Mass.:

Dear Sir,—I submit herewith the following report of the Evening School, for the year beginning October 31, 1904.

The enrollment, average attendance and average ages in the different departments are as follows:

The enrollment is as follows:

English Department .....	174
Business Department .....	79
Drafting Department .....	45

Average Attendance:

English Department .....	71
Business Department .....	44
Drafting Department .....	30

Average Age:

English Department .....	21
Business Department .....	19
Drafting Department .....	23

I also give below the enrollment and average attendance for the three previous years, also the present year, which may be interesting for comparison.

The enrollment is as follows:

1901-02 .....	173
1902-03 .....	272
1903-04 .....	226
1904-05 .....	298

## Average attendance:

1901-02 .....	96
1902-03 .....	96
1903-04 .....	104
1904-05 .....	145

It will be noticed by glancing at the above figures that the enrollment and average attendance are in excess of the previous years.

In the English Department last year we had four teachers until about January 1st, and then the attendance dropped so that we were able to get along with two. This year we had to have five until January 1st, and as the attendance decreased we found we could, by making some changes in the classes, get along with four.

The Business Department has the same teachers as last year, and has some exceptionally bright scholars who are making splendid progress in their work.

The Drafting Department is in charge of Mr. Carl King of the Massachusetts Institute of Technology. The work is divided into two classes: Mechanical and Machine Drawing.

The majority of the men who are taking the Mechanical drawing are taking it preliminary to Machine drawing and the course is designed with this in view. The men, who by reason of previous work in drawing are able to cover more ground than the average member of the class, are able to do this and at the same time keep along with the rest of the class in the lecture work.

The members of the class in Machine drawing are mostly machinists and the object of this course is to give them something that will be of practical value to them.

The department in the school has been exceptionally good.

Thanking you for your many helpful suggestions in regard to the work, I remain,

Very respectfully,

B. M. CHITTICK,  
Principal.

## ***REPORT OF THE TRUANT OFFICER.***

---

Mr. Frank O. Draper, Superintendent of Schools:

Dear Sir,—Please find below an account of my services as  
Truant Officer for year ending Dec. 31, 1904.

Very respectfully yours,

WM. F. DODGE,  
Truant Officer.

Total number of cases investigated .....	114
Total number of truants .....	25
Total number absent with parents' permission .....	13
Total number absent on account of sickness .....	28
Total number absent on account of lack of clothing .....	7
Total number absent on account of removal .....	7
Total number absent on account of other causes .....	3
Total number absent transfer cards investigated .....	31

"Gradatim"

# Graduating Exercises THE HIGH SCHOOL

HYDE PARK, MASS.

WEDNESDAY, JUNE 22, 1904

**French's Opera House**

---

## ORDER OF EXERCISES.

1. Caprice, "Dancing Sunrays" Mackie  
High School Orchestra.  
George M. Dickinson, Director.
2. "Columbia, Beloved" Rich
3. Essay, The Development of Electricity Gounod  
Walter Woodbridge Clifford.
4. "Gallia," Gounod  
Solitary lieth the city, she that was full of people!  
How is she widow'd! she that was great among nations,  
Princess among the provinces, how is she put under tribute!  
Sorely she weepeth in darkness, her tears are on her cheeks:  
And no one off'reth consolation, yea all her friends have be-  
tray'd her.  
Zion's ways do languish, none come to her solemn feasts:  
All her gates are desolate: her priests sigh;  
Yea, her virgins are afflicted, and she is in bitterness.  
Is it nothing to all ye that pass by? Is it nothing?  
Behold, and see if there be any sorrow that is like unto my  
sorrow.  
Now behold, O Lord, look Thou on my affliction:  
See the foe hath magnified, magnified himself,  
Jerusalem, Jerusalem! O turn thee to the Lord thy God.
5. Class History. Joseph King Knight, Jr.
6. Essay, Historical Buildings of Boston. Carrie Aloha Stevens.

7. "Revel of the Leaves." Veazie
8. Class Prophecy.  
Elsie Maud Foss.
9. Essay, Newspapers and Coffee-Houses in the time of Addison.  
Alan Francis Edge.
10. Presentation of Diplomas.  
Wilbur H. Powers, Chairman of School Board.
11. Class Ode Words by Helen Grace McKenna  
Music by Robert Emerson Davie
- Four short years have passed, dear classmates,  
And 'tis time that we must part;  
Severed are the bonds of union,  
Which have joined each heart to heart.  
Step by step we have proceeded  
Up the hill of work and pain,  
From the foot, where trials gathered,  
To the top, where Honor reigns.
- Now we start on life's broad journey,  
And its varied paths we take;  
But our own beloved High School  
We shall ne'er for aught forsake.  
We may meet, and we may never,  
On our long and rocky way,  
But the friendship we've imparted,  
Shall with us forever stay.
- Onward, then, through life we'll travel,  
Striving to attain the end,  
Where we meet Queen Glory reigning,  
And her subjects who attend.  
Praise and honor shall await us  
At the throne of Glory fair,  
With the prize that we have taken,  
And the merits that we share.
- Let us bid farewell forever  
To our Alma Mater dear;  
But our love for it shall strengthen,  
And grow firmer year by year.  
Farewell now, beloved classmates,  
Never let our honor lower,  
But bring credit to our High School,  
And the class of Nineteen-four.
12. The Futurity March. A. W. Miller  
High School Orchestra.  
Soloist: Katherine Patricia Scully.  
Accompanist: Alan Francis Edge.

## Class Ode.

Music by ROBERT EMERSON DAVIE.

The musical score for "Class Ode" is written in 4/4 time and B-flat major. It consists of four systems of two staves each. The melody is primarily in the treble staff, while the bass staff provides a harmonic accompaniment. The first system features a fermata over the final measure. The second system continues the melody and accompaniment. The third system also continues the melody and accompaniment. The fourth system concludes with a fermata over the final measure and a "rit." (ritardando) marking above the treble staff.

'Cello—Mr. Carl Stockbridge.

Double Bass—Miss Bertha Simmons.

Piano—Miss Nellie Dean.

---

### WORDS OF ODE.

Classmates dear as here we gather,  
Ere we bid these scenes adieu,  
Let us join once more our voices  
In a voice to dear old Grew.  
Here since first we sought for knowledge  
Eight long years have sped away,  
And in passing each one brought us  
Near to this parting day.

And where'er fate casts our fortunes  
Or what paths we may pursue,  
We will ever cherish memories  
Of our teachers good and true.  
And the motto we have chosen  
Keep it ever as our guide,  
In the heart of every classmate  
Let "Integrety" abide.

Now has come the time for parting  
 From the scenes we love so well,  
 Each dear room and pleasant play ground  
 We must bid them all farewell.  
 Farewell teachers and companions  
 With sad hearts we turn from you,  
 Other paths of duty call us  
 Now Good Bye to dear old Grew.

## PROGRAM.

- Conductor of Program—Adele Meister.
- Selection  
 Orchestra.
- Salutatory ..... Original

## GRADUATES.

Arthur Wheeler Alden	Agnes Mary Hurley
Charles LaForestt Alden, Jr.	Alice Irvine Keane
Ray Alexander	Allen La Rhetta
Marilla Berry	Werner Lindman
Jessie Alice Bowie	Irving Gordon Mackenna
Annie May Buzzell	Charles Henry Mahoney
Cora Evelyn Clark	Sarah McIntyre
Howard Fuller Cluff	Roy Vincelle Perry
Carola Goodwin Dinsmore	Elsie Margaret Proctor
James Raphael Dunkerley	Marion Grace Rafter
Arthur Ernest Elliot	Annie Louise Rich
Prescott Emerson	Elizabeth Adams Ruddiman
Helen Lavinia Fogg	Mary Agnes Ruddiman
Muriel Brown Galloupe	Ross Darlton Sampson
Hazel Hall	Ethel Mae Sanborn
Alice Louise Hammatt	Mildred Aline Scrivens
Reuben William Hamilton, Jr.	Walter Raymond Smith
Janet Campbell Stevens	Ruth Van Arsdale
Rebecca Mary Charlotte Stewart	Percie Clifton Worrick
Arthur Balcom Taylor	Mary Huggan Wilkinson
James Addison Tilden, Jr.	Doris Louise Winchenbaugh

## SCHOOL STATISTICS.

### HIGH SCHOOL TEACHERS.

Principal: Merle S. Getchell—History, Latin.

Science—Emerson Rice.

Mathematics—Mary C. Howard.

Latin, German—Ruby P. Bridgman.

Greek, History—Edith L. Bishop.

Latin, English—Louise T. Wood.

French, Mathematics—Alice M. Twigg.

English, History—Sadie E. McCready.

Commercial Branches—Margaret R. Brooks.

Bookkeeping—Ida M. Wetherbee.

English—Mabel G. Taylor.

English, History—Jane L. Kendall.

French, Latin and Drill—Charles W. Annable.

Music—B. Harold Hamblin.

Drawing—Florence M. Wood.

## *SCHOOL EXPENDITURES.*

---

### SALARIES.

#### Superintendent.

Paid F. O. Draper ..... \$2,500.00

#### High School.

Paid M. S. Getchell .....	\$2,000.00
E. Rice .....	1,300.00
M. C. Howard .....	800.00
R. P. Bridgman .....	700.00
M. E. Houston .....	325.00
M. G. Taylor .....	300.00
E. L. Bishop .....	650.00
L. T. Wood .....	650.00
A. M. Twigg .....	650.00
J. L. Kendall .....	325.00
S. E. McCready .....	625.00
C. W. French .....	400.00
C. W. Annable .....	375.00
I. M. Weatherbee .....	250.00
M. J. Brooks .....	600.00

---

\$9,950.00

#### Greenwood School.

Paid D. G. Thompson .....	\$1,400.00
A. I. Childs .....	500.00
H. F. Packard .....	500.00
H. M. Gidney .....	500.00
A. E. Haley .....	337.50
L. M. Foss .....	500.00
C. A. Ambuck .....	412.50
E. O. Poland .....	412.50
E. Greenwood .....	130.00

---

\$4,692.50

## Amos Webster School.

Paid L. J. Davis .....	\$300.00
E. G. Plummer .....	500.00
G. S. Mitchell .....	470.00
M. E. Gray .....	450.00

---

 \$1,720.00

## Trescott School.

Paid H. P. Cleaves .....	\$550.00
E. M. Burgess .....	437.50
L. J. Davis .....	150.00
E. V. Trundy .....	40.00

---

 \$1,177.50

## Grew School.

Paid F. H. Dean .....	\$1,400.00
M. E. Bertram .....	500.00
M. J. Sedgwick .....	500.00
A. B. Farnsworth .....	437.50
A. J. Campbell .....	500.00
N. M. Howes .....	500.00
J. F. Ellis .....	500.00
L. G. Albee .....	257.50
B. C. Sparrell .....	500.00
F. E. Brigham .....	200.00

---

 \$5,295.00

## Fairmount School.

Paid A. W. Armstrong .....	\$1,400.00
S. L. Gile .....	450.00
N. J. Mellen .....	500.00
S. A. Coggeshall .....	475.00
J. S. Hammond .....	500.00
N. L. Ballou .....	490.00
H. O. Thompson .....	500.00
G. M. Stanley .....	442.50
L. J. Davis .....	50.00

---

 \$4,807.50

## Weld School.

Paid M. E. Merrow .....	\$450.00
C. L. McIntosh .....	150.00

---

 \$600.00

## Damon School.

Paid F. S. King .....	\$600.00	
C. R. Taylor .....	500.00	
E. de Senancour .....	500.00	
G. M. Webster .....	450.00	
S. D. Waldron .....	400.00	
	<hr/>	\$2,450.00

## Hemenway School.

Paid D. F. Hastings .....	\$500.00
---------------------------	----------

## Music.

Paid B. H. Hamblin .....	\$700.00
--------------------------	----------

## Drawing.

Paid A. T. Boardman .....	\$495.00	
F. M. Woods .....	55.00	
	<hr/>	\$550.00

## Truant Officer in Chief.

Paid W. F. Dodge .....	\$200.00
------------------------	----------

## Fuel.

Paid F. W. Darling Co., wood:	
High .....	\$30.38
Grew .....	16.88
Greenwood .....	20.38
Weld .....	6.75
Damon .....	17.50
Trescott .....	6.75
Fairmount .....	18.00
Webster .....	6.75
Hemenway .....	3.37

## Paid F. W. Darling Co., coal:

High .....	\$1,720.50
Grew .....	491.75
Greenwood .....	302.79
Weld .....	87.00
Damon .....	261.25
Trescott .....	203.50
Fairmount .....	405.30

Webster .....	209.05
Hemenway .....	46.40

---

 \$3,854.30

## Janitors.

Paid J. G. Hamblin, High .....	\$1,000.00
H. Ash, Greenwood .....	540.00
J. A. Peterson, Grew .....	540.00
G. F. Wellington, Damon .....	480.00
B. H. Howes, Fairmount .....	495.00
W. F. Smith, Fairmount .....	70.00
I. H. Winchenbaugh, Amos Webster ..	395.00
J. T. McConnell, Weld .....	255.00
G. F. Wellington, Hemenway .....	200.00
E. C. Cameron, Trescott .....	305.00

---

 \$4,280.00

## Recapitulation.

Paid Salaries .....	\$39,472.50
Fuel .....	3,854.30

---

 \$43,326.80

## Cr.

Balance unexpended from last year .....	\$126.24
Appropriations .....	43,500.00

---

 \$43,626.24

---

Balance unexpended .....	\$299.44
--------------------------	----------

## SCHOOL INCIDENTALS.

FOURTEENTH  
ANNUAL REPORT

OF THE

TRUSTEES

OF THE

Hyde Park Public Library

FOR THE

YEAR ENDING JANUARY 31, 1905

HYDE PARK  
F. P. MCGREGOR, PRINTER  
1905

## Report of the Trustees of the Public Library.

---

The Trustees are happy to be able again to report a year of uninterrupted prosperity and usefulness.

Continuing their policy of placing as many books as possible directly before the readers for their selection, instead of obliging them to choose by titles from the card catalogue or to be guided solely by the advice of the librarians or their friends, the Trustees have placed in the Delivery Room an additional book-case which will be kept stocked with the newer books and those on topics of current interest. They recognize the educational influence of the habit of browsing among books, and while they have not found it practicable to admit readers to the stack-room, they have by constantly increasing the number of books on the shelves in the Reading Rooms and the Delivery Room brought the readers into direct contact with a large body of interesting and instructive literature.

In this connection we are glad to say from our own observation and the testimony of others that the Library has never been frequented by a more orderly and earnest class of readers than during the past year. This is due, in part at least, to the efficiency of the custodian of the Reading Rooms.

The number of books at Readville has been increased and an excellent Cyclopaedia of recent date has been placed in the Reading Room there. The Library has been most fortunate in receiving as a gift from Mrs. Mabel Hunt Slater of Milton, through Rev. James J. Chittick, a large and beautiful oil painting, which has been hung in the entrance hall. It is a copy of the picture at Rome by Leonardi representing

Guido Reni painting the celebrated portrait of Beatrice Cenci in her cell while awaiting execution.

There have also been placed in the entrance hall two sections of Thorwaldsen's bas-relief representing the triumphal entrance of Alexander into Babylon.

The Trustees have had under consideration various suggestions for improving the Library service without having yet reached definite conclusions in all cases. For the details of the increased circulation and other statistics we refer you to the Librarian's report which follows.

For the Trustees,

HENRY B. MINER,  
Chairman.

### *LIBRARIAN'S REPORT.*

To the Board of Trustees of the Hyde Park Public Library:

Gentlemen,—I herewith present the report of the Library for the year ending January 31, 1905.

The Library has been open 304 days. The circulation at the Central Library has been 67,907, an increase of 1,009 over that of 1903. The circulation at the Branch Library in Readville has been 2,300, making the total circulation 70,207, an increase of 2,147 over that of 1903.

It is gratifying to note that more people are availing themselves of the privilege of taking the current magazines for three days, the number of magazines issued having been 3,250 over against 2,907 in 1903.

Several times during the year we issued for home use over 500 books in one day, reaching the maximum on March 19, when 578 books were issued, the largest number ever given out in one day. The net increase in number of borrowers at the Central Library is 434.

We are pleased to notice an increasing use of reference books. There has never been a more earnest, intelligent use of reference books among the young people than has been manifest during the fall and winter.

The Electrical World, Garden Magazine, Craftsman and Magazine of Art have been added to our list of periodicals for 1905.

Among the most notable books purchased during the year are Hastings' Dictionary of the Bible, v. 5; Granger's Index to poetry and recitations; the completing volume of Chamber's Encyclopaedia of English literature; New International Encyclopaedia and Encyclopaedia Americana.

Through the Library Art Club the following collections of pictures have been exhibited: English country churches; English country houses; German festoons; Nuremberg; Holland; Elson prints; Italian art, No. 1; Italian art, No. 2; Daughters of the revolution; Munich, and Birds.

The new book cases in the Delivery Room afford people a better chance to select books for themselves. Gratification has been expressed at seeing works of standard fiction which have been placed in one of the new cases.

The circulation in the young people's department is not quite equal to that of 1903, but the work offers much encouragement. There is an increasing use of works of travel, nature, biography and other classes of non fiction so well written for young people. One child who came to the Library for a "good book," when shown a story said: "I don't want a story, I want books about history, birds, animals and things." The first book asked for by a Russian boy was a history of the United States.

Lists of new and interesting books, holiday and festal day lists have been posted. There has been a net gain of 160 registrations in this department.

As heretofore, thanks are due to those who send periodicals for use in the reading room, and to the local papers

through whose columns notices and lists of books have been printed.

## STATISTICS.

### Central Library.

The Library has been open 304 days.

Total circulation,	67,907
Magazines issued for home use,	3,250
Largest daily use, March 19,	578
Smallest daily use, Sept. 29,	55
Average daily use,	223
Average monthly use,	5,658
Class per cent. of circulation: Fiction, 79.8; Biography,	
2.2; History, 2.6; Travels, 2.4; Miscellaneous, 13.	
Net increase in number of borrowers,	434

### Readville Branch.

Number of books issued,	2,300
Class per cent. of circulation: Fiction, 83.3; Miscellaneous, 16.7.	
Net Increase in number of borrowers,	36
Accessions.	
Added by purchase,	787
Added by binding periodicals,	26
Added by gift,	42
Total,	855
Number withdrawn,	36
Net gain,	819

The accession number, Jan. 1, 1905, was 23,140, which does not accurately represent the number of volumes in the Library, since many books have been worn out, or for other reasons withdrawn, and not replaced.

Respectfully submitted,

ELIZABETH AINSWORTH,  
Librarian.

## *Accessions to the Library in 1904.*

GEO. A. SMITH ..... Engineer

## BOARD OF SEWER COMMISSIONERS' REPORT.

---

To the Citizens of Hyde Park:

Your Board of Sewer Commissioners beg to submit the following report of work done by this department from Jan. 31 to Dec. 31, 1904.

The organization of the department remains the same as last year, as shown on preceding page.

Under the supervision of your Board there has been expended, to Dec. 31, 1904, the sum of \$9,357.27 as per vouchers on file and exhibited in table No. 1 annexed to this report.

Sewer assessments have been computed and bills amounting to \$5,337.64 have been duly rendered upon the completion of sewer in each street.

The value of stock on hand is \$1,618.54, as shown in table No. 2 annexed to this report.

Your Board reports the construction of 3,957 lineal feet of sewer in 1904. The details of such construction are shown in the following table:

SEWERS CONSTRUCTED IN 1904.

STREET	FROM	TO	LENGTH	SIZE	Av. CUT
Mason St.	Hyde Park ave.	Sta. 3x23.5	323.5	8 in.	9.5
Westminster st.	Metropolitan ave.	Summit East	428.0	8 in.	8.9
Hubbard st.	Metropolitan ave.	Sta. 1x22	127.0	8 in.	9.0
Milton ave.	Beacon st.	Sta. 6x14.7	614.7	8 in.	9.4
Walnut st.	Bridge st.	Summit West	461.0	8 in.	9.6
W. Glenwood ave.	Hyde Park ave.	Railroad	402.1	8 in.	8.4
E. Glenwood ave.	Hyde Park ave.	Sta. 3x57.5	357.5	8 in.	12.0
Prescott st.	Stanley st.	Summit South	420.1	8 in.	8.3
W. River st.	Knight st.	Summit North	354.3	8 in. 6 in.	11.0

Austin st.	Gordon ave.	Summit North	257.0	8 in.	9.2
Barry Place	Business st.	Railroad	211.7	8 in.	8.3
			<hr/>		
Total,			3956.9 feet.		
Equals,			.75 miles		
Previously reported,			17.93 miles.		
			<hr/>		
Total length of Sewers constructed to date,			18.68 miles.		

All sewers were built on petition of abutters after due consideration by this Board. Connections were made with same in each instance upon completion of sewer.

The cost of maintenance for 1904 has been very light, amounting to \$90.94. This sum was expended in changing manhole covers in Readville Street and for flushing.

Except for a partial stoppage in Business Street there has been no trouble from deposits in the sewers.

Sewer assessment record plans and profiles are completed to date.

Surveys and studies have been made for the Holmfield, Clarendon Hills and Stony Brook areas and construction plans completed for a portion of the Holmfield area. It was the intention of this Board to let contracts for a considerable portion of this work the coming season.

The construction of the Clarendon Hills and Stony Brook trunk sewer will involve the most difficult engineering problem that has been encountered in the Hyde Park sewerage system; requiring a large size pipe on an extremely flat grade, crossing Stony Brook some half a dozen times. A portion of the line is through soft ground where foundation will have to be constructed of timber or concrete or both. One section of about 300 feet will have to be laid on a pile foundation.

While nothing definite had been decided it is probable that the route of this trunk sewer would have been laid out as follows: Beginning at the Metropolitan sewer near Brad-

lee Street and running to Bradlee Street; thence on Bradlee Street about 306 feet; thence at right angles across private land to Huntington Avenue; thence on Huntington Avenue to "Madison Street"; thence on "Madison Street" to Hyde Park Avenue; thence on Hyde Park Avenue to Metropolitan Avenue with a 24-inch pipe; thence with a 20-inch pipe through Metropolitan Avenue and Providence Street to a point south of where Stony Brook crosses the Providence Division of the N. Y., N. H. and H. R. R.; from there a 12-inch pipe to West Street; thence by a line south of West Street to Summer Street; thence through Summer and West Streets to Austin Street; thence through Austin Street to drain the low portions of the Sunnyside district. This 12-inch pipe is estimated to drain the Sunnyside district until such time as the Stony Brook line is constructed, when the flow can, if deemed advisable, be diverted through that line.

In the spring of 1904 the following Act was passed by the Massachusetts Legislature:

Chapter 339. An Act to abolish the Board of Sewer Commissioners of the Town of Hyde Park.

Be it enacted, etc., as follows:

Section 1. The Board of Sewer Commissioners of the Town of Hyde Park is hereby abolished and the powers and duties now pertaining to that board shall hereafter pertain to the selectmen of the town.

Sec. 2. No contracts, rights, liabilities, takings, assessments, suits or other business now existing or pending shall be affected by this Act, but the selectmen shall in all respects and for all purposes be the lawful successors of the said Board of Sewer Commissioners.

Sec. 3. This Act shall take effect upon its acceptance by the voters of the said town voting thereon at a legal meeting called for the purpose. The vote shall be by ballot, and the check list shall be used.

Approved May 13, 1904.

Article 3 of the warrant for the Town Meeting held Dec. 28, 1904, reads as follows:

To see if the town will vote to accept the provisions of Chapter 339 of the Acts and Resolves passed by the Legislature of Massachusetts during the session of 1904.

This Act is entitled "An Act to Abolish the Board of Sewer Commissioners of the Town of Hyde Park." If adopted by the town the powers and duties now pertaining to that board shall hereafter pertain to the selectmen of the town.

This article was voted on and decided in the affirmative, thereby abolishing this Board.

### HOUSE CONNECTIONS.

Eighty-six house connections were made during the eleven months ending Dec. 31, 1904, with an aggregate length of 4,789 feet. Total number to date, 799; total length, 40,537 feet or 7.7 miles.

The work has been under the direct supervision of this Board, as heretofore, at an average cost of about sixty cents per foot.

The following data may be of interest as no information of a like nature has heretofore been published. While many of the figures given are based on estimates, they are reasonably accurate.

Number of connections compared with number of dwellings within sewered territory by districts:

	Houses.	Connections.
Central District .....	540	306
Fairmount District .....	365	198
Sunnyside District .....	250	125
Readville District .....	185	70
District North of Arlington Street .....	160	71
	<hr/>	<hr/>
	1,500	770
Number of connections with factories, etc.,		29
		<hr/>
Total number of Connections .....		799
Number of dwellings in sewered district .....		1,500
Number of dwellings connected .....		770
Number of dwellings outside sewered district .....		900

Estimated population in sewered district .....	11,000
Estimated population using sewers .....	6,000

The following sums are due this department on account of house connections:

W. C. Bramwell .....	\$6.45
Edward King .....	1.70
P. R. Copeland .....	5.40
Lois M. Clapp .....	1.74
Charles Haley .....	20.98
J. Cullen .....	1.11
J. G. Bolles .....	9.00
Total .....	<u>\$46.38</u>

Respectfully submitted,

DAVID PERKINS,  
WM. U. FAIRBAIRN,  
CHARLES HALEY,

Board of Sewer Commissioners of the Town of Hyde Park  
Jan. 1, 1905.

**Town By-Laws  
Auditor's Report**

---

---

BY - LAWS  
OF THE  
Town of Hyde Park,  
Massachusetts.

---

---

## BY-LAWS OF THE TOWN OF HYDE PARK, MASS.

---

### Notification of Town Meetings.

Every town meeting shall be notified by posting copies of the warrant calling the same, in not less than ten public places in the town, seven days, at least, before the day appointed for said meeting.

### Annual Town Meetings.

The annual town meeting for the election of town officers shall be held on the first Monday of March of each year. The meeting shall be opened as early as seven o'clock A. M., and the polls shall be kept open until sunset.

### Rules for the Government of Town Meetings.

1.—All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.

2.—No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced, but it may be in order to extend the period without such reconsideration.

3.—When a question is under debate, motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.

4.—The powers and duties of a presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

5.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting.

6.—No motion to dissolve a town meeting shall be in order until every article in the warrant therefor has been duly considered and acted upon, unless by vote of at least two-thirds of those present and voting; but this shall not preclude an adjournment of a meeting for a time not exceeding two weeks.

7.—No person shall speak more than once on the same question to the prevention of any other person who has not spoken and desires to speak.

8.—Motions shall be submitted to the meeting in writing when so required by the moderator.

#### Financial Year.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuous place at their official rooms, a notice of the times of their respective meetings.

#### Collection of Taxes.

1.—Not approved by the Court.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All taxes shall be due and payable on or before the first day of November next following the assessment of said taxes.

3.—On the first secular day of each month, the collector shall pay over to the town treasurer all the taxes collected by him, and he shall, on or before the first day of February, in each year, make up his account and render the same to the auditors.

#### Duties of Town Clerk.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable after any election has been held by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committee was chosen to perform.

#### Contracts Made in Behalf of the Town.

Every contract exceeding one thousand dollars shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond.

### Actions at Law

The Selectmen shall have full authority, as agents of the town, to employ counsel to institute and prosecute suits in the name of the town, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

### List of Tax-Payers.

The names of all persons paying a tax on real or personal property shall be published annually in the town reports, together with the amount of tax assessed upon each, and whether the same is paid or unpaid, and in the town report for the year ending January 31, 1898, and in the town report of each fifth year thereafter, there shall be published a concise description of each parcel of real estate in the town, together with the Assessors' valuation of the same, for purposes of taxation on the first day of May next preceding such publication and the name of the person or persons to whom such parcel is assessed.

### Conveyancing.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case.

### Publication of By-Laws.

The selectmen shall publish these By-Laws as often as once in five years, also, annually, an abstract of the records of all town meetings held during the preceding year, in connection with the town report.

No penalty shall attach to the violation of the foregoing By-Laws.

### By-Laws Relating to Highways, Police and Health.

1.—Not approved by the Court.

2.—Not approved by the Court.

3.—Not approved by the Court.

4.—No person except the selectmen, the surveyors of highways, and sewer commissioners in the lawful performance of their duties, or those acting under their orders, except such other persons as are or may be authorized by statute, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the selectmen; and all persons acting under such permit shall put up and maintain a suitable railing or fence around the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travelers, and he or they shall keep one or

more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night so long as such street or way shall be or remain unsafe or inconvenient for travelers.

5.—No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

6.—No person shall, without the written consent of the selectmen, play at any game in which a ball of any kind is used, or fly a kite, or throw or shoot stones, arrows, balls, snow balls, or other missiles, or discharge any gun, cannon or firearm, or make any bonfire or other fires in any street or way where the public have a right to pass.

7.—No person shall propel, drive, wheel, or draw any cart or vehicle of any kind whatsoever except a child's carriage drawn by hand, nor use roller skates upon or over any sidewalk in this town, nor permit nor suffer any horse, cattle, swine or sheep, belonging to him or under his care or keeping, to go upon or over the same, nor suffer any horse to remain hitched across or upon any such sidewalk.

8.—No person shall in a public street willfully obstruct the free passage of foot travelers, nor shall any person in a public street saunter or loiter for more than five minutes after being directed by a police officer or constable to move on.

9.—No person shall pasture any cattle, goat or other animal upon any street or public way in said town either with or without a keeper, except within the limits of such way adjoining his own premises.

10.—No person shall hitch or fasten any horse to any ornamental tree standing or growing on or near any sidewalk, or to the boxing or guard about said tree, without the consent of the owner thereof.

11.—No person shall without a written license from the selectmen place or cause to be placed, or suffer to remain within the limits of a street or upon any sidewalk, so as in any manner to obstruct the travel thereon, any vehicle, wood, coal, manure, dirt, gravel, stones, building material, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

12.—No person shall make a loud cry of wares or merchandise, or halloo, hoot or make loud and unseemly noise on the streets or squares of the town, to the annoyance of the citizens.

13.—No person shall be or remain in any doorway, or upon any stairs, doorstep, portico or other projection from any house or building, or upon any wall or fence on or near any street or public place after having been requested by the owner or any occupant of the premises or by any constable or police officer to remove therefrom.

14.—No person shall make any indecent figures, or write, print, paint, or cut any obscene word or words upon, or deface, break or injure in any manner, any fence, post, pole, sign, street lantern, building or structure; or commit a nuisance upon any sidewalk or other place resorted to by the public, or against any tree, building or structure adjoining a sidewalk.

15.—No person shall extinguish any street light, or extinguish or remove any light placed to donate an obstruction or a defect in any street or way, without proper authority.

16.—No person shall swim or bathe in any of the waters within the limits of the town, so as to be exposed in a nude state, to the view of any person passing or being upon any railroad or any street or in any dwelling house in this town.

17.—No person shall intermeddle with any hydrant, gate, gate-box or water pipe placed or located within the limits of any public way in this town, without permission from the Selectmen, Engineers of the Fire Department, or the Hyde Park Water Company.

18.—No person shall put or place, or cause to be put or placed, in or upon any street, lane, alley or other public place in this town, any ashes, glass, crockery, scrap-iron, nails, tacks or any other articles which would be liable to injure the feet of horses or injure or damage the wheels or tires of bicycles or of any other vehicles which have wheels with rubber or pneumatic tires.

19.—No person shall erect any canopy, awning, shade, shade frame, or shade curtain in any public street at a less height than seven and a half feet from the sidewalk, and then only by permission of the selectmen.

20.—No person shall allow any gate or door belonging to premises under his legal control and adjoining any public way to swing on, over or into said public way.

21.—All house offal shall be placed in suitable covered vessels, and no ashes or other refuse shall be mingled therewith, and the same shall be kept in some convenient place, to be taken away by the teams of the Board of Health.

22.—No person shall carry in a public street, house-offal, grease, or bones, or the contents of cesspools or vaults, unless he has been expressly licensed therefor by the Board of Health, upon such terms and conditions as said board may deem that the health and interests of the town require.

23.—No person shall throw into or leave in or upon any street, court, square, lane, alley, public square, public enclosure, or any

pond or body of water within the limits of the town, any dead animal, rubbish, or filth of any kind, or any refuse fish.

24.—No person shall keep cattle exceeding two, or any swine within the limits of the Town of Hyde Park, except in accordance with a permit from the Board of Health.

25.—Not approved by the Court.

26.—No person shall keep any fowl in any part of a dwelling house, or in any place in the town where the Board of Health may deem such keeping detrimental to the health or comfort of the residents of the neighborhood, and after due notice by said Board to the owner or person in charge, he shall forthwith remove the same or cause the same to be removed, from any place at which the keeping thereof shall be prohibited by said Board.

27.—Owners and occupants of livery and other stables within the town, shall not wash or clean their carriages or horses, or cause them to be washed or cleaned in the streets or public ways. They shall keep their stables and yards clean, and not allow large quantities of manure to accumulate in or near the same at any one time between the first day of May and the first day of November, and no manure shall be allowed to accumulate or remain uncovered outside of a stable.

#### By-Laws Relating to the Prevention of Fires and the Preservation of Life.

1.—The selectmen shall annually in April appoint an inspector of buildings for the term of one year from the first day of May following or until another is appointed in his stead, and shall then fix his salary or compensation. The selectmen may remove said inspector for cause, after due notice and hearing, upon charges previously filed with them. Whenever said inspector of buildings is temporarily unable to perform the duties of said office by reason of absence from town, from illness or any other cause, the selectmen may appoint an inspector of buildings pro tempore, who shall act as such inspector while such inability continues. He shall keep a record of the business of said department, submit to the selectmen a yearly report of such business; ascertain all facts and make all returns which shall be required by law relative to steam boilers or other matters connected with this department. He shall grant permits for the erection or alteration of buildings but no such permit shall be issued until the inspector has carefully examined the plans and specifications of the proposed building or alteration and ascertained that the building has sufficient strength and that the means of ingress and egress are suffi-

cient. A copy of the plans and specifications of every public building shall be deposited with the inspector.

2.—Every person intending to build or make any alteration in the external or party walls of any building shall, before commencing the same, file an application for a building permit with the inspector of buildings giving a description of the intended building or alterations. No permit issued by such inspector shall be in force for a longer time than one year.

3.—All chimneys in wooden buildings shall be built of good hard brick, stone, or other fire-proof non-conducting material. All brick flues shall have the mortar joints smoothly "jointed" inside from top to bottom or lined with earthen pipe, and shall be plastered outside below the roofing. No soft brick shall be used in the construction of a chimney. Whenever the inspector so requires, the shells of flues for boilers, ovens, ranges, furnaces and heaters shall be of brick work eight inches thick, or its equivalent, to the top of the second story floor or to a height of fifteen feet above such ovens, ranges, furnaces or heaters, and the inspector shall determine what constitutes such equivalent.

4.—In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end, or be more than four inches out of centre of gravity unless the same be attached to a brick wall.

5.—All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection unless covered by a cap of metal or stone properly secured.

6.—Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, not less than eight inches thick or upon bars of iron supporting eight inches of brickwork.

7.—Jambs of fireplaces and grates shall not be less than eight inches thick and when arched over shall be securely tied to brick-work of chimney.

8.—No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

9.—No wood-work shall be placed at a less distance than one-half inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

10.—No smoke pipe in any wooden or frame building shall hereafter enter any flue unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke pipes pass through stud or wooden partitions of any kind whether the same be plastered or not, they shall be guarded by either a double collar of metal, with at least four inches of air space and holes for ventilation or by a soap stone or plaster of paris ring, not less than three inches in thickness and extending through the partition.

11.—All frames shall be built with posts, plates and girts, properly mortised, tenoned, braced and pinned and supported by suitable studding, the posts and girts to be not less than four inches by six inches or equivalent thereto, provided however that ledger boards may be used in place of girts if the spaces back of the same, between the studding be filled with joist in such manner as to prevent draft in case of fire.

12.—The Inspector of Buildings shall examine all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever in his opinion the same may be dangerous to the security of the town from fires; and direct the owner, tenant or occupant of said shops, or other places, to remove the same; and in case such owner, tenant or occupant refuses or neglects so to do, shall cause the same to be removed at the expense of such owner, tenant or occupant.

13.—It shall also be the duty of said inspector to take cognizance of all buildings in the town in which any steam engine shall be used, and to examine all buildings in town in process of erection or alteration and all buildings under application to raise, enlarge, alter, or build upon and for that purpose shall have the right of entry thereto, and to make a record of the same and of all violations of these building laws, and of such buildings as in his judgment may from any cause be dangerous, and report any dangerous building to the selectmen forthwith, together with the location of the building where such violations are found and the name of the owner, lessee, occupants, architect and master mechanic and all other matters relating thereto. These records shall at all times be open to the inspection of the engineers of the fire department or selectmen of the town.

14.—Any alterations or additions to any building already erected or hereafter to be built, except necessary repairs not affecting the construction of the external or party walls, chimneys or stairways,

shall to the extent of such work, be subject to the regulations of these By-Laws. No building already erected or hereafter built shall be raised or built up in such manner that were such building wholly built or constructed after the passage of these By-Laws it would be in violation of any provision thereof.

15.—No building the exterior walls of which are in part or wholly of wood, shall be erected upon or within one hundred feet of Everett Square so-called; Fairmount Avenue from River Street to the Neponset River; River Street from the location of the Boston and Providence Railroad to Winthrop Street; Hyde Park Avenue from land bordering on the southerly side of Oak Street, and including all lands adjoining Oak Street, to Everett Street; Harvard Avenue from River Street to Winthrop Street; Maple Street from River Street to a point one hundred and eighty feet southerly therefrom; Central Avenue from River Street to Winthrop Street; Davison Street from Fairmount Avenue to a point three hundred feet northeasterly therefrom; Grove Street; Pierce Street from Fairmount Avenue to a point three hundred feet northeasterly therefrom; Nott Street from Fairmount Avenue to a point three hundred feet easterly therefrom; Railroad Avenue from Fairmount Avenue to a point three hundred feet northeasterly therefrom; Station Street from the Neponset River to a point three hundred feet northeasterly from Fairmount Avenue; Walnut Street from Fairmount Avenue to a point three hundred feet southwesterly therefrom; Maple Street from Fairmount Avenue to a point one hundred and twenty-five feet westerly therefrom.

No person shall move, or cause to be moved, any wooden building from without said limits into the same.

No person shall move, or cause to be moved, any wooden building from one place to another within said limits, nor shall any person repair or rebuild any building within said limits, which has been partially destroyed by fire or otherwise, without the written permit of the Board of Selectmen.

No addition which shall exceed fifteen feet in height from the ground to the highest part thereof, or which shall exceed five hundred superficial feet in area, shall be made to any wooden building within said limits, without permission from the selectmen after a hearing of which public notice shall be given; provided, however, that the owner, or other person interested, may make any necessary repairs upon any wooden or frame building already built, if the height of said building be not thereby increased; and a flat roof, cov-

ered with metal or other non-combustible material, may be substituted for a pitch roof.

16.—Every building or structure, hereafter built in the town, of brick, stone, iron, or other hard and incombustible materials, shall have foundations resting upon solid ground, not less than four feet below the surface exposed to frost, or upon concrete, piles or other durable sub-structure.

17.—Every wall constructed of brick, stone, or similar substance shall be properly bonded and solidly built with one-half cement mortar.

18.—For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall be not less than thirty inches thick at the bottom, and twenty inches thick at the top, and shall be laid in one-half cement mortar, and be built of stone large enough to extend through the wall; if built of block stone, in horizontal courses, the foundation walls shall be not less than sixteen inches thick the entire height, and shall rest upon a footing course not less than twelve inches high and twenty-four inches wide, and shall be laid in one-half cement mortar; and exterior and party walls, of brick, shall be not less than twelve inches thick the entire height.

19.—For brick buildings with walls exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at the bottom, and twenty-four inches thick at the top and shall be laid in one-half cement mortar; and be built of stones large enough to properly bond the wall; if built of block stone, in horizontal courses, the foundation walls shall be not less than eighteen inches thick the entire height, and shall rest on a footing-course not less than twelve inches high and thirty inches wide, and shall be laid in one-half cement mortar; and exterior and party walls, of brick, shall be not less than sixteen inches thick to the top of the first floor, and not less than twelve inches thick the remaining height.

20.—Party and partition walls shall be built upon a footing course of stone not less than twelve inches high and twenty-four inches wide.

21.—If each of adjoining owners shall erect a wall on his own land, instead of a party wall, such wall shall be not less than twelve inches thick the entire height, and such walls and all party walls shall extend two feet above the roof of the highest building of which they are a part, and be coped with stone or iron, securely fastened; and

wherever there is a projecting cornice on front or rear of a building, it shall be corbelled to the outer edge of all projections. Party walls shall be built solid the entire height, except when chimneys are inserted in them; in which case they shall be not less than six inches thick back of the chimneys, to the party line.

22.—Every brick building erected hereafter in the town, more than thirty feet in width,—except halls, churches, theatres, railroad stations, or other public buildings,—shall have one or more brick partition walls, not less than eight inches thick, running from front to rear of building, and carried up to the top of the second-story floor joist. These walls shall be so located that the space between any two of the floor-bearing walls of the building shall be not over twenty-five feet in width. Iron or wooden girders supported upon iron or wooden columns, or brick piers may be substituted for partition walls, and shall be of sufficient strength to bear safely the weights which they are intended to support. The piers or columns shall rest upon levellers one foot thick, thirty inches square.

23.—In every brick wall, every ninth course of brick shall be a heading course; except in bonded walls, in which at least every ninth course is a heading course, and except when walls are faced with face brick in which case every ninth course shall be bonded with Flemish headers, or by cutting the course of the face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

24.—All piers shall be built of good, hard, well-burned brick, laid in strong cement and sand mortar.

25.—All brick walls shall be secured to each floor and the roof at intervals of not more than ten feet, with wrought-iron anchors not less than one-half inch thick, one and one-half inches wide, and not less than three feet long, well turned up into centre of brick wall and down into floor timbers; and where floor and roof timbers are in two lengths and rest on partition walls or girders, they shall be strapped together with wrought iron straps or tie-irons at the same distance apart, and in the same beams as the wall-anchors, and shall be well fastened, so as to form continuous ties across the building.

26.—All roof or floor timbers entering the same party wall from opposite sides shall have at least four inches of solid brick-work between the ends of said timbers.

27.—The butts or ends of all floor beams or rafters entering a brick wall shall be cut on a splay of three inches in their width, and have bearings on the walls of four inches.

28.—Upon application of any person in interest, the inspector shall, upon the completion of the erection or alteration of any building, pursuant to the provisions of these building laws, give a certificate so stating.

29.—It shall be the duty of said inspector to enforce compliance with these By-Laws relating to the prevention of fires and the preservation of life and to prosecute all persons violating the same.

### BY-LAWS RELATING TO PLUMBING AND WASTE WATER.

#### Test.

1.—Every plumbing job which consists of the putting in of waste or soil pipe shall be tested in the presence of the Plumbing Inspector, by water or other test acceptable to the Board of Health. If water test is used, each soil, waste and ventilating pipe shall be filled with water to a point above the roof and above the highest opening in the building; and no work shall be considered ready for test unless the soil, waste and vent pipe and traps are in position, except in case of provisional opening for fixtures to be put in in the future. The same to be furnished with cast iron plug or brass clean-out, thoroughly caulked with lead. Notice that work is ready for test shall be made in writing, and shall be inspected within two working days after notice is given.

2.—Within twenty-four hours after the plumbing work is ready for final inspection the Plumbing Inspector shall be notified in writing to inspect the same, and work shall not be covered in until accepted by him. The water must be turned on to all fixtures at the time of inspection. A written notice will be given the plumber by the Plumbing Inspector after the acceptance of the work.

#### Soil Pipe.

3.—All soil pipe shall be not less than four (4) inches in diameter, and shall be carried their full size from a point ten (10) feet outside the wall of house up to and through the roof at least two (2) feet above the roof and the highest opening in the building. All branches of soil pipe four (4) or more inches in diameter, and twelve (12) feet or more in length, shall be continued out full size through the roof and above the highest point in the building, or taken into the soil pipe above the highest fixtures in the building.

4.—All branch lines of waste pipe less than four (4) inches in diameter, and fifteen (15) feet in length, must be carried up through the roof at full size, and at least two (2) feet above the highest opening in the building or to be taken into the soil pipe above the fixtures.

## Cleanouts.

5.—For inspection purposes cleanouts corresponding in size to the main drain, with covers of hand holes made gas and water tight and of a pattern approved of by the Board of Health, shall be provided at intervals of not more than twenty (20) feet, and one such opening shall be required on each horizontal branch of fifteen (15) feet. For four (4) inch soil pipe or less, at the house side of the cellar wall provide a four (4) inch extra heavy cast iron Y with heavy brass cleanouts and not less than four (4) inches, inside measurement, connected in the straight end of Y. On branch of Y fix a four (4) inch running trap with brass cleanout. Where larger than four (4) inch soil pipe is used the Y cleanout and trap must be the same size as the pipe.

6.—Where there are four (4) or more closets on the line of the soil pipe, said pipe shall be five (5) inches in size, and increase in size as increase in fixtures and usages of the building require.

7.—Rain water leaders where they enter the sewer or drain, shall be trapped with cleanout to trap, and where they run inside the building shall be of cast iron, not less than three (3) inches in diameter; these branches to join into the main line if not less than four (4) inches in diameter, which line shall be trapped with cleanouts to trap and connected with the main soil pipe on the sewer side of the running trap.

8.—No rain water leader shall be used for a soil, waste or vent pipe, and no soil, waste or vent pipe shall be used for a water leader.

9.—Drain, waste, soil and ventilating pipes, traps, etc., in old buildings may be used in new buildings, alterations or improvements of old property only when found by the Plumbing Inspector to conform to the rules governing new material.

10.—Soil pipes will not be allowed under the ground unless the location of the fixtures and the future requirements demand it.

11.—All cast iron pipe must be sound and free from holes and other defects, of uniform thickness and what is termed extra heavy cast iron soil pipe with fittings all corresponding, said pipe and fittings to be stamped as such and marked to be in plain sight for inspection, and shall have an average weight not less than below specified, viz:

2 inch pipe .....	5 1/2 lb. per ft.
3 inch pipe .....	9 1/2 lb. per ft.
4 inch pipe .....	13 lb. per ft.
5 inch pipe .....	17 lb. per ft.
6 inch pipe .....	20 lb. per ft.

12.—All soil or waste pipes must be securely fastened to the wall, laid in trenches of a uniform size, or suspended from the floor timbers with strong iron hangers. Change in direction of the soil pipe shall be made with Y's and  $1/8$  or slow curve bends. Connections with horizontal and vertical soil pipe shall be made with Y branch, no saddle branches will be allowed for any connection unless it is impossible to connect otherwise. If change of direction is made with a Y; a brass cleanout must be put in the straight end of the Y. If made with bends, a Barrett or other cleanout equally as good must be placed in a straight line to pipe between such bends. For waste pipes from all fixtures where the pipes run horizontally it shall not be less than two (2) inches in diameter; for water closets nothing less than four (4) inches.

13.—No brick, earthenware or sheet metal pipes or chimney flues shall be used for waste, sewer or ventilation pipes. No waste pipe from any fixture shall be less than one and one-quarter inches in diameter.

14.—All waste pipes from sinks, basins, bath tubs, set bowls and urinals less than two (2) inches in diameter shall be of lead (except that brass tubing may be used of the same internal diameter as would be required if lead were used); all two (2) inches and larger shall be of cast iron pipe.

#### Traps.

15.—In every hotel, restaurant, boarding house or public boarding establishment there shall be a suitable grease trap connected with the sink in a place easy of access for inspection and cleaning. Each fixture in new, and alterations in old buildings shall be properly trapped with not less than a four (4) inch bottle or other trap with not less than three and one half inch cleanout, placed in all cases where it is easy of access for inspection and cleaning.

Except that one five (5) inch trap may be used for a bath tub and a bowl, or for a sink and set of wash trays provided the length of waste pipe from the fixtures does not exceed three (3) feet. Measurements of the same shall be taken on centres between the perpendiculars, and waste from trap shall not be less than one and one half inches in diameter.

16.—No trap vents shall be connected with earthenware.

17.—All traps must be properly vented except in old buildings where no provision can be made. The size of the ventilation pipe from each trap to be not less than the size of the waste pipe from the fixtures, and shall extend up to and through the roof and two

feet above highest opening in building, or connect with the main line of soil pipe and above the highest fixture. No trap shall be placed at the bottom of a vertical line of soil pipe.

18.—No fixtures, as a slop sink, etc., shall be set up unless it is provided with proper means of flushing.

#### Joints.

19.—Sheet metal and slip joints shall not be used inside of any building for waste pipes. All connection of lead and iron pipe including the connection with water closet tanks shall be with brass or combination ferrule, soldered with plumber's wiped metal joint where practicable. All joints in cast iron pipe shall be made with oakum and molten lead, to be caulked thoroughly, and made air and water tight.

20.—All connections of brass ferrules with cast iron pipe must be made with molten lead thoroughly caulked.

21.—Waste pipes from refrigerators shall not be connected with a soil waste or drain pipe or sewer, but shall run to the outside of the building or to some receptacle with the end left open or in sight.

22.—Where urinals are placed in any hotels or any other building they shall have sufficient self flushing automatic water fixtures or be furnished with a hot air draft ventilation.

23.—No steam exhaust, blow-off or drip pipe shall connect with any house drain, water or soil pipe or sewer, but shall discharge into a suitable tank or condenser from which a suitable trap and back vented valved outlet to the house drain or sewer shall be provided. All house drains connected with a cesspool shall be subject to water or other test and other rules, the same as though connected with the sewer.

24.—Drip or overflow pipes from safes under water closets and other fixtures or from tanks or cisterns, shall be run to some place in open sight and in no case shall any such pipe be connected with the drain.

25.—When the Plumbing Inspector finds that the plumbing and drainage system in any building is not in a proper sanitary condition, or any defects in workmanship or in material, the same shall be remedied to conform with the rules of the Board of Health.

26.—When the Plumbing Inspector finds defective work and material on any job, the plumber shall, within twenty-four hours after receiving notice of the same, remedy such defects to the satisfaction of the Inspector; otherwise the owner shall be notified of such defects.

27.—Wash tubs and sinks shall be of slate, iron, soapstone, crockery or other non-absorbent material; wooden tubs will not be allowed.

28.—Where there is a sewer adjacent to the premises all the pipes carrying waste water must be connected with it; where there is no sewer, connection must be made with a cesspool of a capacity of not less than sixty (60) cubic feet.

29.—Waste water shall not be run into any stream or pond or upon the ground.

30.—All diameters of pipes given in these rules are for inside measurements.

31.—Every water closet in the building must be supplied with water from a tank or cistern, which is not used for any other purpose.

Except that this requirement shall not apply for water closets substituted for vaults where the same are located outside of the building proper, and such water closets shall be arranged so as to receive their supply directly from the main with proper fixtures approved by the inspector, the water company, and the Board of Health.

The flush pipe to be of lead two and one half pounds to the foot, and one and one quarter inches in diameter. In every tenement house there shall be at least one water closet for each tenement or family. All water closet rooms shall be provided with a window in the wall of the building opening into the outside air to admit of not less than three (3) square feet of air and light, or lighted and ventilated by an air shaft or skylight.

All water closet traps except when it is the top fixture shall have a separate ventilation pipe either of cast iron or lead as follows.

For lead pipe where there is one water closet on the main line the ventilation shall be one and one half inches; two to four closets, two (2) inches; five closets, two and one half inches; six or more closets, three (3) inches; for cast-iron pipe one to four closets, two (2) inches; of five or more three (3) inches; the increase according to the number of closets.

Any branch connection from the crown of the traps into the main line of the back ventilation pipe shall be made of lead not less than one and one half inches in diameter, except that galvanized iron pipe of like diameter, may be used for back ventilation where the same shall run behind sheathing, etc.

All floor connections of earthen water closets with trap combined, shall be made with brass flanges soldered to lead bend or pipe and made tight with a rubber gasket and brass bolts.

Back ventilation pipes when of iron shall be of not less than two

(2) inches in diameter for distances thirty (30) feet or less, and of not less than three (3) inches for distances of more than thirty (30) feet.

32.—In all cases where plumbing fixtures, pipes, etc., of every description are covered or encased, such casing, boxing, floor, seats, covering, etc., shall be fastened with screws, hinges, hooks or any other better manner to enable easy access to pipes and fixtures. No casing will be allowed to be fastened with nails and in no case shall pipes be plastered in between studding or in walls and partitions.

#### Penalties Under the By-Laws.

Whoever violates any By-Laws of the town of Hyde Park, shall, unless otherwise provided by the laws of the Commonwealth of Massachusetts or by other provisions in these By-Laws, be punished by a fine not exceeding twenty dollars for one offence.

#### Limitations of Actions.

No person shall be prosecuted or tried for any breach of the provisions of any By-Laws of this town, unless the complaint for the same shall be instituted and commenced within six months from the time of committing such breach.

All By-Laws or parts of By-Laws of this town heretofore existing are hereby repealed, and these By-Laws of the town of Hyde Park shall go into effect upon their approval by the Superior Court or any Justice thereof.

The foregoing By-Laws were adopted by the said town of Hyde Park, at a meeting of its legal voters held in Waverly Hall, in said town, December fifteenth, A. D., 1897. Attest:

HENRY B. TERRY, Town Clerk.

The foregoing By-Laws were approved by the Superior Court for said County of Norfolk, on January 27, A. D., 1898.

Attest:

HENRY B. TERRY, Town Clerk.

**BY-LAWS OF THE TOWN OF HYDE PARK, MASS.,  
RELATING TO "HACKNEY CARRIAGES"  
AND TO "JUNK."**

---

**Hackney Carriages.**

Section 1.—Every hack, coach, cab or other vehicle, except street railway cars, whether on wheels or runners, drawn by one or more horses, or by any animal power, and used for the conveyance of persons for hire, from place to place within the town shall be deemed a hackney carriage within the meaning of this by-law.

Section 2.—No person shall set up, use or drive any hackney carriage for the conveyance of persons for hire from place to place within the town, without a license for such carriage from the selectmen.

Section 3.—The selectmen may from time to time grant such licenses, upon such terms as they may deem expedient, to any person resident in this town, or permanently engaged in business herein; and a record of all licenses granted shall be kept by the town clerk.

Section 4.—No license to set up, use or drive any hackney carriage shall be granted until the application for such license has been referred to the chief of police for investigation, and the chief of police has reported as to whether or not the horse, harness and carriage are proper and suitable for the use intended, and as to whether or not the applicant is a proper person to exercise such license.

Section 5.—Every license so granted shall be revocable by vote of the selectmen, and shall expire, if not previously revoked, on the first day of May next after the date thereof.

Section 6.—No hackney carriage or other vehicle mentioned in this by-law shall be driven by a minor unless he be specially licensed by the selectmen.

Section 7.—No license granted as aforesaid shall apply to any carriage except the particular one designated therein by its number, or otherwise made certain, or shall be transferable without the consent of the selectmen.

Section 8.—Every carriage licensed as aforesaid shall be marked on the outside and upon each side, on the sill or rocker, immediately below the doors, with number of the license in white, gilded or plated

figures, in Arabic characters, of not less than one and a half inches in size, on a dark ground, or with a dark figure of the same size and kind upon a light ground; and no owner or driver of any such hackney carriage shall use or drive the same, or permit the same to be used or driven, without complying with the foregoing requisitions.

Section 9.—No stand for any vehicle shall be allowed in front of any premises without the consent of the owner or occupant of said premises.

Section 10.—No person licensed as aforesaid shall stand for employment with his carriage or other vehicle in any street, except at the stand assigned to such carriage, or other vehicle by the chief of police under the direction of the selectmen.

Section 11.—The selectmen may establish the rates of fare for the conveyance of passengers in hackney carriages and may revise the same at pleasure.

Section 12.—No owner, driver or person having charge of a hackney carriage shall demand or receive a higher rate of fare than that established by the selectmen, or shall unreasonably refuse to carry any passenger from any place to any place within the town.

Section 13.—For every license there shall be paid to the town clerk, for such stand granted to any vehicle, the sum of two dollars.

Section 14.—Every driver of a vehicle shall remain near it while it is unemployed, or standing in the street, unless he is necessarily absent in the course of his duty and business.

Section 15.—The person in whose name the license is taken out under the preceding sections shall be considered the owner of the vehicle mentioned in his license.

#### Junk and Second-Hand Articles.

Section 1.—No person shall keep a shop for the purchase, sale or barter of junk, old metal, or second-hand articles, or be a dealer therein without first having obtained a license therefor from the selectmen.

Section 2.—Every person keeping such a shop, shall keep a book in which shall be written at the time of every purchase of any such article, a description thereof, the name, age and residence of the person from whom, and the day and hour when such purchase was made; such book shall be at all times open to the inspection of the selectmen or any person by them authorized to make such inspection.

Section 3.—Every keeper of such shop shall put in some suitable and conspicuous place on his shop, a sign having name and occupation legibly inscribed thereon in large letters.

Section 4.—Such shop and all articles of merchandise therein, may be at all times examined by the selectmen or by any person by them authorized to make such examination, and no keeper of such shop shall directly or indirectly either purchase or receive by barter or exchange any of the articles aforesaid of any minor or apprentice, knowing or having reason to believe him to be such; and no article purchased or received shall be so sold until a period of at least one week from the date of its purchase or receipt has elapsed.

Section 5.—Every wagon, cart, sleigh, sled or other vehicle used in the collection of junk, metal, rags or second-hand articles shall be licensed by the selectmen and shall have the name of the owner and the number of the license placed upon the outside, and upon each side thereof in plain, legible words and figures of not less than one and one-half inches in size and so that the same may be distinctly seen. The person in whose name a license is taken out for any such vehicle shall be considered the owner of the same until such license is surrendered.

The foregoing by-laws were adopted by the Town of Hyde Park, January 8, 1902.

Attest: Henry B. Terry, Town Clerk.

COMMONWEALTH OF MASSACHUSETTS.

Norfolk ss.

Superior Court, February 3, 1902.

Approved:

By the Court.

Louis A. Cook Clerk.

## ***Auditor's Report.***

---

We have examined the vouchers and accounts of the following: Selectmen, Treasurer, Treasurer Pro Tem, Tax Collector, School Committee, Overseers of the Poor, Trustees of the Public Library, Board of Health, Sewer Commissioners and Cemetery Commissioners for the year ending January 31, 1905, and find the same to be correct.

The accounts of our former Tax Collector, George Sanford, deceased, have been closed by George R. Lovering, Collector Pro Tem, and we find same to be correct.

We are in accord with the suggestion made by the Auditors of last year with respect to the following, which we quote in full: "We believe that the best interests of the town demand that the citizens keep close scrutiny upon appropriations and expenditures. We believe that the most feasible way to do this is through preferably one Auditor who shall audit all bills before payment and keep a balance sheet showing the condition of the various appropriations at all times during the year. We suggest, therefore, that the citizens consider the advisability of making a change in the Town By-laws; whereby it shall be obligatory upon all the various departments of the town to submit all bills and orders to an Auditor for his approval if correct, after an approval by the department making the expenditure, and before payment by the Town Treasurer. We appreciate that the system advocated would make very considerable demands upon such an Auditor's time, adding, as it would, to the already large amount of work devolving upon three Auditors, the additional duties suggested. We believe, however, that the town would be the gainer thereby and that the change would effect a decided advance in the auditing of town accounts."

The benefits which would accrue to the town from the adoption of the foregoing suggestion are two. In the first place, there will have been instituted a more complete system of auditing, in that accounts will be audited before, as well as after, payment. And, in the second place, the full responsibility for all town finances would then rest upon one man, the Auditor, instead of it being spread over several men or departments.

We feel that the By-law suggested might well require such an Auditor to draw off a trial balance at least monthly, and submit the same to the various Boards, having the custody and expenditure of town funds, for their inspection.

Respectfully submitted,

WILLIAM J. DOWNEY,  
FREDERICK G. KATZMANN,  
ANDREW COGAN,

Auditors of Hyde Park.
